WASHINGTON, Oct. 12.—Federal
agents, operating under the Har-
rison narcotic act, have no right to
search residences without a search
warrant, except where arrests are
actually made, the Supreme Court
declared today in the appeal of
Thomas Agnello and other arrested
in Brooklyn, N. Y.

The case, considered a preced-
ent, arose from the arrest of Ag-
nello and four associates after they
had completed a sale of heroin and
from a search of their residences
and a harbor ship in Brooklyn,
where they had been meeting. The
lower Federal courts held that the
search without warrants was legal.

"The protection of the fourth
amendment extends to all equal-
ity, to those justly suspected or
accused, as well as to the inno-
cent," the opinion said. "The
search of a private dwelling with-
out a warrant is in itself unrea-
sonable and abhorrent to our
laws."

"Belief, however well founded,
that an article sought is con-
cealed in a dwelling house furn-
ishes no justification for a search
of that place without a warrant."

U. S. Jones in Trade Cases.
The government lost in the Su-
preme Court today in its efforts to
re-open the trade association cases.
These cases were decided at the last
session in favor of the Maple Floor-
ing and the Cement Manufacturers'
Associations, whose method of col-
lecting and exchanging trade infor-
mation was attacked unsuccessfully
by the Government as constituting
unfair business methods.

By the Court's refusal to reopen
the cases, questions of openmoun-
dness to organized industry
throughout the nation, particularly

the right of trade associations to
gather and distribute statistical in-
formation, are finally decided and
the hard fought litigation is ended.
John W. Davis' Comment.
John W. Davis, Democratic presi-
dential candidate of 1924, who con-
ducted the case for the cement
manufacturers, said after the Su-
preme Court's action today:

"Of all the charges made, the
lower court disapproved only of the
exchange of statistics which I
thought permitted control of pro-
duction and so affected prices. Its
decision was based on that conclu-
sion. The Supreme Court reversed
this opinion by recognizing that
statistical knowledge is a legitimate
part of an industry's economic ex-
istence. Thus the cement indus-
try, after years of unjustified
charges, is free of illegal intent."

Indians Subject to State Trial.
The six Indian nations were held
by the Supreme Court to be subject
to trial under the police jurisdic-
tion of the states in which their
reservations are located.

They may appeal to the Federal
courts, however, the decision held,
to decide whether their treaty
rights have been denied. The case
was one from New York State, in-
volving the rights of the Seneca,
Minneka, Ohio and Pennsylvania
Indians to hunt and fish on lands
within their reservation.

The Supreme Court denied the
appeal sought by Don Chaffin, former
Sheriff of Logan County, West Vir-
ginia, for a review of his conviction
on a charge of having conspired to
violate the prohibition law in the
conduct of a saloon at Barnabus, W. Va.

RECEIVER NAMED FOR 8 ALLEGED LOTTERY FIRMS

State Finance Commissioner
Sues Concerns With More
Than \$180,000 in 'Club'
Contracts Issued.

HEARING IN CASES
SET FOR THURSDAY

State Charges Weather
Temperature Figures
Were Used to Distribute
Jewelry and Clothes.

State Finance Commissioner to-
day filed eight suits in Circuit
Court to bring about receiverships
for eight Missouri corporations
which are alleged to be operating
illegally as lotteries and co-opera-
tive companies, with more than
\$180,000 in "club" contracts al-
ready issued.

It is charged that the corpora-
tions issue contracts to individ-
uals, binding the individuals to pay
\$1 or so a week for a certain num-
ber of weeks, at the end of which
the individual is to receive a suit
of clothes or a lot of jewelry.

Thus, it is said, the firms are op-
erating as co-operative companies,
although they have not deposited
with the State Treasurer \$25,000
each, as required of co-operative
companies.

It is charged further that the
companies promise that certain
contract holders will be awarded
their suit or jewelry before com-
pleting all payments, provided the
seal number of the contract cor-
responds with certain figures in
the weather temperatures as pub-
lished in newspapers. This, the
petitioners state, is in the nature
of a lottery, which is illegal in Mis-
souri.

Each suit Commissioner
asked that he be appointed
receiver of the corporation, with
full power to liquidate the assets
and distribute them among con-
tract holders. The eight cases were
assigned equally between Circuit
Judges Miller and Falkenhainer,
and in all temporary orders were
issued, appointing French receiver
pending hearings next Thursday.

Corporations Named.
The corporations and individuals
named are:
Fisher Jewelry Co., Victoria
Building; officers, Millie E. Barron,
Edward T. Bronenkamp and Ger-
trude B. Bronenkamp. Alleged to
have issued more than 2000 con-
tracts and taken in more than
\$7500.

Globe Tailoring Co., Commercial
Building; Ben Sedler, 2000 con-
tracts, and \$30,000.
Meyer Tailoring Co., 814 Pine
street; Richard H. Meyer, Walter
Cananah and William O. Norris;
3000 contracts and \$30,000.

Union Tailoring Co., 214 North
Sixth street; Charles S. Gross,
Henry N. Stien and Morris Gross-
man; 2000 and \$20,000.
Ferd. Warner Tailoring Co., Ar-
cade Building; Ferd. Warner, John
T. Roy and B. O. Ordwein; 2000
contracts and \$20,000.

Goldstein Tailoring Co., 3120
South Grand boulevard; Jacob
Goldstein; 2500 contracts and \$15,000.
Schemme Tailoring Co., 4002 W.
Florissant avenue; W. F. Nieder-
hucke and F. Linnemeyer, 2000
contracts and \$20,000.

Home Mercantile Co., Columbia
Building; Samuel and Isaac Stien
and others; 3000 contracts and
\$20,000.

Allegations Similar.
Allegations in all suits were sim-
ilar, differing mainly as to the
amount of weekly payments and
the nature of the prize. In the
Meyer Tailoring Co. case, it was
set forth that contracts were is-
sued providing for weekly pay-
ments of \$1.50 for 30 weeks, at the
end of which the contract holder
was to get a suit of clothes. If
the holder should be lucky enough
to have his contract number match
a weather temperature before all
30 payments were made, then he
was to get his suit at once, whether
he had paid only \$1.50 or \$45.00
or in between those two sums.

Numerous complaints about
"suit clubs" and other clubs were
received by the St. Louis Better
Business Bureau from contract
holders.

TRAILS WIFE WHO ELOPES WITH MAN CARRYING \$25,000

Husband Follows Runaway
Pair Here From Chicago,
Traveling on the Same
Train.

HEARD AS ELOPERS

MRS. MARGARETTA HOFFMAN.

Man, Describing Himself as
Motion Picture Producer,
Says Trip to Europe Was
Planned.

A middle-aged, gray-haired man,
dressed as befitted one who was
carrying \$25,000 in cash, and a
chic young woman, gown to the
peak of fashion, stepped from a
Chicago & Alton train at Union
Station this morning at 8 o'clock.
Red caps hurried to take charge
of their pet dogs which they were
carrying in two ventilated bags.

But the first to accost them
were two city detectives.
"Who is this man?" they de-
manded of the young woman.
"Why, he is my husband," she
replied. But, just then, she
chanced to look over the shoulders
of the detectives and there saw an-
other man—a rather grim figure.

"In Hands of Police."
"Lee, Lee, save me," she im-
plored the second figure. His
only reply was:
"You are in the hands of the
police now, Margaretta. You'll have
to talk to them."

The middle-aged gray-haired
man told the police he was John
Wiedemeyer, a motion picture pro-
ducer of Chicago. Correspondence
in his pocket bore a slightly differ-
ent name—John V. Wiedemeyer,
and spoke of ownership of real es-
tate in the name of Miami, Fla.,
of such value that one letter car-
ried an offer of \$50,000 cash and
other consideration for it.

The young woman said she was
Margaretta Hoffman, 23, of
840 Waveland avenue, Chicago.
As for that third, grim figure—
he was Mrs. Hoffman's husband,
Leonard H. Hoffman, a wholesale
fur dealer at 115 South Dearborn
street who had come from Chicago
on the train in a stateroom adjoin-
ing the one occupied during the
trip by Wiedemeyer and Mrs.
Hoffman. With Hoffman were his
uncle, and a private detective.

Carried \$25,000 Cash.
The group were taken to police
headquarters—Wiedemeyer, gray-
haired, dark-haired, and blond,
upon search, was found to be car-
rying seven \$1000 bills, 180 \$100
bills and "some chicken feed,"
amounting to \$16, or a total of
\$25,516. Mrs. Hoffman, clad in a
greenish gray, one-piece silk
dress, with coat to match and
trimmed at the neck, sleeves and
around the bottom with billows of
gray fur, and Hoffman—the grim
husband.

Wiedemeyer strode over to Hoff-
man. "Look here," he began,
"can't we talk this thing over?"
"Talk it over?" echoed Hoffman.
"I should like you. If I had known
sooner, I would have killed you. If
you were in Chicago, now, I would
kill you."

Hoffman's uncle intervened and
led him aside.
As for Mrs. Hoffman—"I've
been crazy to be a motion picture
star. I met Wiedemeyer three
months ago and he promised to
make me a star, after first taking
me to Europe. I was blinded to
everything."

"Oh, Lee, Lee," turning to her
husband, "please forgive me."
"No," was the short reply.
"You've had your chance. You've
had everything it was possible to
give you. Now, we'll have to wait
to see how this thing turns out."

Then Wiedemeyer—"If I told you
who I was, you would be writing a
big story. It's just another case
of running away with another
man's wife and getting caught. The
worst of it is, it spoiled a nice
trip to Europe."

On a slip of paper in the man's
pocket was the following memo-
randum: "Contract for Margaretta
—wire Famous Players—wire Cui-
nard line." A letter from a real
estate firm at Miami, Fla., was
also in the pocket. Hoffman's
inquiry if Wiedemeyer wanted to
release his holdings in the Flieger
tract for \$50,000 cash and certain
other considerations.

BULLET FIRED ACROSS RIVER KILLS HUNTER

Men on Missouri Side Were
Shooting at Victim's De-
coys for Sport, Woman
With Him Says.

Frank Litch, 22 years old, of
4722 Minnesota avenue, was shot
and killed when hunting ducks on
the Mississippi River yesterday af-
ternoon, by a bullet from a high-
powered rifle fired across the river
by another shooter.

Litch, accompanied by Miss Ella
Tuckart of 3138 Neosho street, was
on a sandbar protruding from the
Illinois shore near Valmeyer, about
35 miles south of East St. Louis, in
Monroe County. Miss Tuckart test-
ified at the Coroner's inquest today
that three men on the Missouri
shore were shooting toward them,
evidently trying to hit Litch's de-
coys for sport.

"We'd better get out of here,"
Litch remarked to Miss Tuckart,
and a moment later he was shot
and almost instantly killed. He
was hit by a 30-30 rifle bullet,
which passed through his right
arm and lodged in his chest.

Miss Tuckart obtained help to re-
move the body to the nearby Illi-
nois settlement of Meramec. An
open verdict was returned by the
Coroner, as there was no trace of
the men on the Missouri bank.

ROME, Oct. 12.—Italy today re-
minded the world of the Italian na-
tivity of Columbus by celebrating
the 433rd anniversary of his dis-
covery of America as a legal hol-
iday.

Flags were flown on all the pub-
lic buildings throughout the coun-
try and lectures on Columbus and
his achievements were delivered in
the schools. The lecturers were
careful to emphasize that the great
navigator was born in Genoa,
where a house, his supposed birth-
place, is preserved as a national
monument. This special emphasis
was to counteract recent efforts of
Spanish historians to show that Co-
lumbus was of Spanish origin.

BODY BURIED SIX MONTHS IDENTIFIED

St. Louisan Recognizes Man Killed by Auto at Alton as Missing Brother.

The body of Charles Haderlein, who was killed by an automobile in Alton six months ago, was identified by his brother, Joseph, when it was exhumed yesterday after relatives, in a six-month search, had visited various localities to determine if one of a number of unidentified dead was Haderlein.

The body was brought to St. Louis for burial when permission of Illinois authorities is obtained.

Haderlein, who resided with his brother at 718A North Vandeventer avenue, disappeared early last March and no apprehension was felt for two weeks, as he frequently left home on short trips. When no word was received from him over an extended period a search for him began.

His death resulted when he was struck by an automobile driven by Gus Patterson of Godfrey, Ill., on the Godfrey-Alton road. He was walking at the time with another man who did not know his name. Patterson testified at the inquest that the headlights of an approaching machine blinded him and he did not see Haderlein until it was too late to avoid striking him.

The body was held for several days and when it was unclaimed was buried by the city.

Two weeks ago the family learned of the death of an unidentified man in Alton, but could not obtain permission to exhumate the body until after Oct. 1.

CONVENTION OF NATIONAL RED CROSS OPENS

Message From President Coolidge Read to the Large Assemblage of Delegates and Officers.

NOTABLE SERVICE OF THE BODY CITED

Welcoming Addresses Delivered by Gov. Baker and Mayor Miller — Response by John Payne.

The fifth annual convention of the American National Red Cross was opened at the Scottish Rite Cathedral this morning with the presentation of a message from President Coolidge, who, by virtue of his office, is the head of the organization. The message was presented in the large assemblage of delegates and officials by J. Edgar Hoover, the presiding officer.

"It is with much regret," President Coolidge said, "that I am compelled to deny myself the pleasure of attending the annual convention of the Red Cross this year. My official duties make it inadvisable for me to be absent from Washington at the time the convention is to meet."

"I hope that many members of the Red Cross, who have found it impossible to attend the meeting of the convention here in Washington will take advantage of this opportunity to renew their active interest in the work of the society by joining in the discussion of the many important subjects embraced in the convention program."

Congressional Position.

"Among philanthropic agencies the American Red Cross occupies a unique position. It carries the sympathy and help of the American people to those who suffer from great calamities, not alone in the United States but in any part of the world. This noble service can only be maintained through the support and co-operation of a great and responsive membership, led by vigilant and capable executive officers. These annual conventions afford an opportunity for the Red Cross to take stock of itself and provide an invigorating influence for the upholding of high standards and efficiency."

Following the reading of the message, the Sixth Infantry Band from Jefferson Barracks played the American Red Cross March and several patriotic airs. The Rev. Dr. Lee Holt, pastor of St. John's M. E. Church, delivered the invocation, which was followed by an organ rendition of "America."

Welcoming addresses were delivered by Gov. Baker, Mayor Miller, followed by election of convention officers and appointment of committees in response to resolutions. The notable service rendered on behalf of the organization, were made by Judge Payne and Mrs. Frank V. Hammar of St. Louis, member of the Central Committee of the American National Red Cross, of which Payne is chairman.

Discussing the work of the Red Cross, Gov. Baker declared he considered its "sympathetic understanding of humanity" the outstanding feature of the organization. "Human sympathy, I believe, is a cure for all ailments," he added. The Governor spoke of the Red Cross work done by the Red Cross and also praised it for its prevention work, particularly in the rural communities.

Although this is an age where countless organizations have been formed to accomplish some selfish purpose, creating hatred, selfishness and intolerance, the Red Cross has only a creed of service, Mayor Miller asserted in his brief address of welcome.

The organization and work of the Red Cross were detailed by Judge Payne in his address. He pointed out the gratification for the way in which the Red Cross came to the assistance of Japan at the time of the earthquake. More than \$11,000,000 was subscribed in the United States to the relief fund and all of it was given Japan. The actual expense of raising the fund and sending it to Japan was about \$50,000, paid from general funds of the organization.

"What makes war, chiefly, is a lack of understanding of the other country's point of view, the difference of nationality, race, creed and language," Judge Payne said. "I regard the Red Cross as the greatest instrumentality of which I have knowledge of bringing together the people, not in a propaganda for peace, because I do not think that amounts to much, but if you know a man and respect and admire him you are not likely to have a conspiracy with him."

Program for Afternoon.

The program for the afternoon called for a meeting of the Central Committee at Hotel Statler; a round table conference for rural chapters at the City Club and one for city chapters at Scruggs' auditorium; a round table conference at Hotel Statler on "Nutrition Nutrition"; a conference in the Scruggs auditorium on "Civilian Home Service"; and another at the City Club "First Aid Service."

From 5 to 6 p. m. there will be a reception at Hotel Statler to delegates and guests, and tonight there will be a public mass meeting at 8:15 at the Scottish Rite Cathedral. This will be preceded by a concert of the Sixth Infantry Band from 7:45 to 8:15 p. m. Addresses will be made on the national and international program of the American National Red Cross by the presiding officer, J. E. Hoover, of Peoria, Ill.; Col. Ernest P. Bicknell, vice chairman in charge of Foreign and Insular Operations; Miss Clara D. Noyes, director of Nursing Service, and Arthur W. Dunn, director of American Junior Red Cross.

The convention will hold sessions tomorrow, Wednesday and Thursday, closing Thursday night with an inspirational service, at which addresses will be made by Chancellor Hadley of Washington University, Col. Stone, commanding officer, Sixth United States Infantry, and the Rev. G. E. Jones, of Lebanon, Ind.

TRAIN FROM ST. LOUIS IN WRECK; 46 HURT

Cotton Belt Passenger Collides With an Extra Near Jonesboro, Ark.

Special to the Post-Dispatch. JONESBORO, Ark., Oct. 12.—Forty-six persons were injured in a head-on collision of Cotton Belt Railway train No. 5, which left St. Louis at 9:08 o'clock last night, and an extra train carrying Mexican cotton pickers, five miles north of here at 5:35 a. m. today.

No. 5, the Cotton Belt's fast Arkansas train, was running at its usual speed of about 50 miles an hour and encountered the extra train at a siding as it rounded a big curve.

The locomotives of No. 5 and the extra train, and a "deadhead" locomotive on the extra were demolished by the force of their collision, but none of the cars of either train was derailed, although numerous windows were broken.

Engineer Leaps.

H. E. Fowler of Jonesboro, engineer of No. 5, applied the air brakes as soon as he saw the other train on the single track, and then he and his fireman, G. C. Penney, of Illinois, Mo., leaped. Penney was not able to clear the wreckage, and his back was injured and his left hand partially amputated. William E. Hendon, on the "deadhead" locomotive, suffered several fractured ribs.

Twenty-five passengers on No. 5 were injured slightly, according to a railway announcement, which said these were: Mrs. L. Y. Stollard, Jonesboro; Henry H. Sagur, Baltimore, Md.; H. Robisch, Oskaloosa, Ia.; R. D. Repass, Toledo, O.; Mrs. Reuben Jones, Bernie, Mo.; Mrs. L. Balsey, Paragould, Ark.; Charles L. Kelley, Greenwood, Ark.; H. H. Railroad men stated that the extra train was operating under standing orders to allow 10 minutes' clearance for passenger trains. The extra was about to back into a siding from the north end when the accident occurred, although it might have entered the siding directly from the south end.

No. 5 was due at Jonesboro at 6:42 a. m.

BELLBOY, SHOT BY ARMY OFFICER, DIES IN HOSPITAL

Transfusion Operation Fails to Save Life of Jack Tucker, 19, Majestic Hotel Employee.

Jack Tucker, 19-year-old bell boy, who was shot at the Majestic Hotel at 11:45 p. m. Saturday by an intoxicated guest, died at the city hospital at 10:30 a. m. today. He was shot through the lower part of the abdomen, the .45-caliber steel jacketed bullet going through his body. Blood supplied by a city hospital interne was used in a transfusion yesterday.

Police are holding Second Lieutenant William Allen Scott Rutherford, 22 years old, of Bus Bluff, Ark., who admits the shooting, but claims it was accidental. He said he had been drinking heavily.

Surrendered Two Revolvers.

Rutherford, in army uniform, was arrested in the hotel lobby, shortly after the bell boy had staggered up to the hotel desk and exclaimed, "I'm shot." He had just come from Rutherford's room and was followed shortly by Rutherford, who approached the night clerk and, after purchasing a package of cigarettes, remarked, "I guess I am in for it." He surrendered two automatic revolvers, of .45 and .25 caliber, both loaded.

Ralph Steinkoff, 738 South Broadway, the clerk, told police that Rutherford and two friends shortly before engaged the room. Rutherford registering as "J. P. Sullivan, Chicago." The elevator was unattended, and the three, who showed evidences of drinking, started to operate it. Tucker and a ne- negro porter intervened, however, and Tucker mugged the car. He returned in a few minutes wounded. The man's companions disappeared.

Detectives yesterday sought to obtain an account of what happened from the wounded youth, but the most they could learn was that "he shot me because I wouldn't get him a girl."

Rutherford explained that he had been drinking and that he only wanted "to scare the boy." He said he held the revolver to his hip and "it went off." The use of the alias "Sullivan," he said was "a drunken trick."

A military investigation of the shooting will be conducted by officers at Jefferson Barracks. It was announced today. Lieut. Rutherford had just completed a two weeks' training course at the barracks with other reserve officers, and was returning to his home.

Tucker lived at 7225 Southwest avenue, Maplewood. His father is dead, and he was helping support his mother. He is survived also by two sisters and three brothers.

6:42 a. m. its time of arrival having been advanced Aug. 23. Jonesboro is 264 miles south of St. Louis, and about 100 miles south of the Missouri border.

RACE TIPSTERS RIDING WOODEN BENCHES IN JAIL

Publisher of "The Bugle" and Two Others Arrested for Alleged Activities at Fairmount.

Jack Morris and Joe, who came here to show the local boys how to lay their dollars on the ponies at Fairmount, are riding hardwood benches at the Deer Street Police Station today, having overlooked a bet or two.

The three horsemen were quartered at Apartment No. 2 of the Ben Hur Apartments, 4123 Westminister place, until 9 o'clock last night, when Lieut. Hoagland and a squad took them for a ride to the police paddock. They were booked as: Morris Blander, 24 years old, publisher of "The Bugle," Chicago; Jack Greenbaum, 36, clocker, and Joe Pierro, 20, clerk, both of New York. They are held pending further investigation to determine if they have violated the postal laws by mailing their "tips."

Police "Tipped Off."

Police were "tipped off" by other residents of the Ben Hur Apartments, who had become suspicious of bundles carried into apartment No. 2 by the trio. Police seized three quantities of stationery of "The Bugle Publishing Co., 20 West Jackson boulevard, Chicago," and a letter, which read:

"Dear Sir:—For the past three weeks our staff have been energetically at work at the Fairmount race course, tabling the moves of every horse now on the track. We have made such thorough connections with the most reliable and proficient stables campaigning at the course that we saw fit to make our headquarters in the city of St. Louis during the meeting."

"On Tuesday, Oct. 13, our first transaction takes place which will be the medium of a coup which we invite you to take part in, the betting end of which is being taken care of in a way so as to insure the connections that no comeback money will find its way back into the Fairmount machine; thereby insuring them comfortable returns."

For \$12 the letter offered tips on races tomorrow and Thursday. Clients were invited to send their money by person, mail or wire to the "Bugle Publishing Co." at the Westminister place address. "Our staff has been greatly expanded and we are leaving no stone unturned to produce the goods for our clients," the letter concluded.

Blander denied that the letter was intended to give the impression that the "Bugle" was a "tipster" or "insider" and that the "tips" were certain to win. He modestly admitted he has been "very successful" in forecasting races, but attributed this to knowledge of past performance and present form of the entries, supplemented by friendships with track frequenters. He said he and his companions arrived here a week ago last Saturday, not three weeks ago, as the letter stated. The "Bugle" is a racing form sheet.

4 CLOSED BANKS WERE EXAMINED SIMULTANEOUSLY

State Agents Sent to Each Institution at Same Time by Finance Commissioner.

By a Staff Correspondent of the Post-Dispatch. PERRYVILLE, Mo., Oct. 12.—The closing of two banks in this (Perry) County, and of one each in St. Genevieve and Cape Girardeau counties, followed an examination of all four banks, made simultaneously last week by State examiners sent to them by Finance Commissioner French.

The inter-relationship of the four banks, through the Keller family of bankers, and through the fact that the largest of them, the Perry County Bank of Perryville, served as a depository for two of the others, is believed to have furnished the reason why they were examined simultaneously. The unusual procedure would have been to send one examiner, who would examine in turn the different banks in the same county or district.

The simultaneous examination plan would make it impracticable for the inter-related banks to shift assets from one to another, in preparation for the examination. Following the examination, Commissioner French summoned the officers of one of the four banks, the Bank of Appleton, located in Old Appleton, Cape Girardeau County, to confer with him in St. Louis. At the conference, it is understood, he demanded that the Bank of Appleton should add \$9000 cash to its visible resources. The bank failed to meet this condition, and it was learned that it had \$17,000 on deposit in the Perry County Bank. Apparently it was unable to get the portion of this deposit which was needed to meet the condition.

The Bank of Appleton was closed Friday, and Friday night the closing of the Perry County Bank was ordered. On Saturday the Farmers' Bank of St. Genevieve and the Bank of Frohna, Perry County, were closed by their boards of directors.

BOYS FACE BURGLARY CHARGE

Former Reformatory Inmate and Companion Had Stolen Goods.

Two youths, one a former inmate of the Booneville Reformatory, were held today facing charges of burglary, following their arrests Saturday evening by detectives, who saw them emerging from a rooming house at 1729 Chouteau avenue, carrying suitcases. They recognized Glenn Hager, 20, of 1515 P. street, as the former reformatory inmate, and his companion described himself as Orval Killian, 19, of 1811 Kennett place.

The suitcases were found to contain several razors, hair clippers and wearing apparel, which yesterday were identified by Fern Musy, a barber, living in the Chouteau rooming house, as having been stolen from his room. Hager was found to possess two skeleton keys and his companion one.

Now Remove cleansing cream

In gentle kindness to your skin

You'll delight in this NEW way... the ONLY way that protects delicate skin fabric; that removes ALL dirt, grime and grease from the pores... it will work wonders in lightening your skin, in correcting an oily skin or nose.

No More Soiled Towels
No More Oily Skins!

Instead of towels, cloths, harsh face, or paper make-shifts, you use this deliciously soft new material—37 times as absorbent!

First Remove every bit of greasy matter, every particle of dirt, simply wiping off face.

Then pay particular attention to the nose, so that it will be white and without shine.

Then use Kleenex the most absorbent—no more soiling of towels!

THERE is a gentler way to remove cold cream.

A safe way, dainty and exquisite, that banishes the dangers of harsh methods, of coarse towels, fibre makeshifts and of paper substitutes.

It is called Kleenex. And we wish to give you a 7-day supply to try. To prove its superiority to yourself.

The only right way

We are makers of absorbents. Are world authorities in this field.

On the urge of a noted dermatologist, we perfected this scientifically right material for removing cold cream. For removing it as it must be removed to keep the skin flawless.

It is the only product made solely for this purpose. It represents some two years of scientific research. There is no other like it.

No oily skins—

No muddy looking skins

It stops oily nose and skin conditions amazingly. For these come from over-laden pores... cold creams and oils left for nature to expel. That is why you must "powder" now so often.

It combats skin eruptions. For they're invited by germ accumulations left in the skin, breeding places for bacteria.

SALOON OWNER SHOT RESISTING ROBBERS

Bucur Binig, 34, Attempts to Shoot at Holdup Men But Shotgun Misses Fire.

Bucur Binig, 34 years old, was shot and superficially wounded at 8:45 a. m. today when he attempted to resist three holdup men who had just taken \$12 from the register in his saloon at 539 South Vandeventer avenue.

Binig said he had left the saloon just before the holdup to go upstairs to his living quarters. When he returned he saw four customers lying on the floor guarded by two armed men. Another man was rifling the cash register.

The saloon proprietor got an automatic shotgun from a neighbor and attempted to fire on the robbers as they left the saloon. The weapon missed fire. One of the robbers fired three shots, two of which struck Binig in the right thigh, inflicting superficial flesh wounds.

Binig told the police his safe frequently contained as much as \$5000 to be used in cashing pay checks. There was only about \$50 in it today, and the robbers failed to get it.

Mothers of Sickly Children Read This

My boy was run down—just about skin and bones, and no appetite, writes Mrs. Baker of Boston.

New Sturdy and Strong

"I am writing you in the hopes that other Mothers will read this voluntary testimonial regarding McCoy's Cod Liver Oil Tablets. My boy, Emanuel, was run down completely, just about skin and bones; also irritable and with no appetite. "I noted a wonderful improvement in him while taking your tablets and purchased three more boxes. His appetite picked up, and he is now sturdy and strong. A cheerful young man and a happy mother want to thank you."

"You may print this at any time or anywhere you wish. "MRS. ALBERT E. BAKER, "43 Ridgewood St., Boston, Mass."

As a body builder, an appetite creator, and to make weak, skinny boys and girls sturdy, strong and full of energy, there is nothing like Cod Liver Oil—any physician will tell you that. But it is a horrible stuff to take, and is apt to upset any stomach, so now doctors are prescribing, and wise parents are buying, McCoy's Cod Liver Oil Tablets—sugar coated, and as easy to take as candy. Mothers, if any of your children are weak, thin or puny give them these tablets, as directed for 30 days, and watch them gain flesh and health from day to day—their wisdom fall—but if the unusual should happen and you are not satisfied with results—your druggist is authorized to return your money. Be sure always to get the original and genuine McCoy's Cod Liver Oil Tablets—60 tablets, 60 cents, at World-Williams, Judge & Dolph Drug Store, 412 N. 7th St., St. Louis, Mo. or any druggist.

MILLER TO RUN FOR U. S. SENATE IN 1928

Announcement Qualified by Proviso He Completes Program as Mayor by Then.

Mayor Miller, in a discussion with reporters at the City Hall today, announced himself as a candidate for the United States Senate, in 1928, provided he completes the program has in mind as Mayor by that time. "You can't get anything unless you ask for it," he said. "You must be frank with the people. I say sincerely that I would like to devote the rest of my life to politics. I regard it as an honorable profession and it offers a great opportunity for service."

"If I succeed in carrying out my program for the city of St. Louis in the next four years I intend to seek the Republican Senatorial nomination in 1928. I have written letters about it and discussed it generally."

Intends to Convince State. "I'm going from one end of the State to the other. That's the only way you can make it. You can't bother about whether a man is from this section or that. You just have to be open and frank with the people and, as I said, you can't get anything if you don't ask for it."

Today, Columbus day, is a holiday for City Hall employees, but the Mayor was at his desk at the usual time. He dropped into the press room on his way to the second floor and discussed municipal affairs generally.

The Mayor then referred to the recent controversy over the purchase of Fire Department equipment which he ended by ordering the Supply Commissioner to purchase American-La France Co. equipment, although Director of Public Safety Brod. Fire Chief Alt, Master Mechanic Meyer and Comptroller Nolte opposed it.

Lesson to Contractors. "This is a lesson to contractors," he said. "In some instances they apparently believed they had to offer an official something before they got a contract, not only in St. Louis, but in other cities. They know now that they don't have to do it in St. Louis."

"I was hoping that some one would come to me with a bribe. I'd have taken him to Police Headquarters in a minute." The Mayor assumed the language of the detective when he said: "You know, you've got to frame those fellows. I don't believe there will be any more tenders of a bonus to a city official after this."

The Mayor said that his decision to buy American-La France equipment was not necessarily an indication that that company alone would be favored. The Ahrens-Fox Co. machine is a good one but I don't believe they were justified in charging us \$1100 more than they did three years ago, when automobile prices generally have fallen," said the Mayor.

**YOUTH SHOT AT INITIATION
SUES LODGE FOR \$3500**

Ira H. Voyles Charges 'Misplaced Cartridge Caused Painful Wound in Hip.'

Ira H. Voyles, a minor, by his next friend, Ira H. Voyles, his father, has filed suit for \$3500 damages in the Circuit Court at Edwardsville against the National Grand Lodge of Modern Woodmen of America, Pomeroy Lodge No. 173 of Edwardsville, and eight officers and members of the degree team of the latter.

Voyles alleges that, while being initiated into membership, he was commanded to stoop over and was then struck heavily with an instrument containing a cartridge. The latter had been misplaced, it is alleged, and caused a serious wound in his hip. Voyles was in bed for three weeks and is still feeling the effects of the initiation, he says.

**NEGRO SHOT ATTEMPTING THEFT
Wounded in Thigh by Special Agent in Terminal Yard.**

James Ellis, a negro, 35 years old, of 4117 Papin street, was shot in the thigh at 7:30 o'clock last night by H. G. Smith of 4352A Harris avenue, a special agent for the Terminal Railroad, in the yards near Compton avenue and Adams street.

Smith reported to police that he had caught Ellis attempting to take brass journals from a freight car and that Ellis ran away. He said he fired one shot over the negro's head and then two at him. Ellis fell after the third shot.

Thirteen Spectators at Michigan State Fair Suffer Fractured Legs When Car Hits Fence.

DETROIT, Mich., Oct. 12.—Al Waters, Chicago automobile race driver, was injured fatally and 20 spectators were hurt, four seriously, when his automobile went through a fence while racing at the Michigan State Fair grounds yesterday. Waters died en route to the hospital.

Waters was on the 146th lap of a 150-mile race and had just passed the grand stand when his rear axle broke. The car turned at a right angle and crashed into a low fence, where the crowd had gathered to watch the finish.

Of the 20 persons injured, 12 suffered fractured legs. The others cut and bruised. Waters arrived for the race too late to qualify and successfully pleaded with officials to be allowed to start. He was attempting to remain in fourth place, which would have put him in the prize money, when the accident occurred.

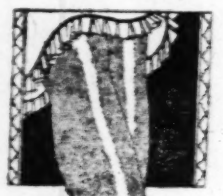

The race was won by Sam Rose of Ann Arbor, who finished two laps ahead of Ralph Ormsby of Indianapolis. Bill Hicks of Chicago was third. The time was 1:30 2-5.

Killed When Examining Auto.
MACON, Me., Oct. 12.—An inquest will be held today over the body of J. A. Lea, 40 years old, farmer, who was killed on a highway south of here last night in an automobile accident. Lea had stopped his car and was examining it, when an automobile, driven by Lester Eiben, highway contractor, crashed into him. He died a few hours later. Eiben said he did not see Lea until the machine was upon him. George Welton, other occupant of the car, corroborated this statement.

Energy Without Limit or Stint

An editorial in a recent issue of Wallace's Farmer put forth the following appreciative tribute to efficiency:

"We believe that if Standard Oil Company brains were applied to the Iowa corn and hog industry, that the profits of Iowa farmers could be fully *three times as great*, while at the same time the consumers of Iowa corn and hog products would be even *better satisfied* than today."

We recognize the fact that in naming the Standard Oil Company (Indiana) the editor had in mind an efficiently managed business organization, and used this Company merely as an example of what may be accomplished by applying specialized intelligence to the problems of industry.

This Company believes that new wealth accrues only through the intensive application of trained intelligence to practical and useful problems.

The dividends which the Standard Oil Company (Indiana) returns to its 50,000 stockholders each year, are due not to some miracle of oil—something unearned and unstriven for—but to the efforts of men with trained minds, working within the Company organization; men who willingly and enthusiastically apply their intelligence without limit and without stint.

These trained men of the Standard Oil Company (Indiana) have built up, over a long period of years, such a substantial and comprehensive service as to meet completely the needs of the people of the Middle West. Reliable profits come only through satisfying service.

This Company entered the oil business at a time when its possibilities were undreamed-of. By constant application, rigid economy, and advanced thinking, it developed these possibilities, finding that every step ahead resulted in the creation of useful products.

It looked for profit-making opportunities. In finding them, it greatly extended its field of usefulness to the community. Now in nearly every home, farm and factory in the ten Middle Western states, this Company's products are rendering essential service. There is scarcely a family whose living standards have not been raised and satisfied by some one or more of the products manufactured by the Standard Oil Company (Indiana).

NEGOTIATIONS ON DEBT TO CONTINUE, SAYS PAINLEVE

French Premier Makes Announcement After Cabinet Discusses Caillaux's Report for Three Hours.

STRESS PLACED ON ATTITUDE OF BORAH

Press Is Dissatisfied, and Senator Refers to "German Origin" of Population of Northwest.

By the Associated Press.
PARIS, Oct. 12.—M. Caillaux, newly returned from his debt-funding labors at Washington, presented his report at a cabinet council yesterday, and at the conclusion of the three-hour discussion, Premier Painlevé said:

"The project M. Caillaux brought back from America will be thoroughly studied. Negotiations with the United States will continue." The Cabinet will meet again tomorrow and go into a further examination of the Finance Minister's statement on the Washington negotiations, and it is likely to be re-examined at a Ministerial council a week from Tuesday, after the convention of the radical party at Nice, which Caillaux is to address, has terminated.

On leaving Elysee Palace, Caillaux emphasized that the whole of the inter-allied debt problem was still in the "stage of study" and notably the projected provisional agreement with the United States.

Influence of Borah.
Some of the Ministers mentioned that Caillaux had given a lengthy resume of "conditions of internal policy which determined the opinion of American politicians in power" and said that he laid stress on the attitude of Senator Borah, "who exercises great authority over his colleagues in the American Senate."

The Finance Minister, according to his Cabinet colleagues, brought out the various points of the American provisional agreement from the viewpoint of France's financial situation. The Ministers declared themselves so impressed with the importance of a decision, that they decided all possible consequences ought to be thoroughly weighed before replying to Washington.

This decision cannot officially be made before October 20, the date of the next Ministerial council at Elysee.

Continuance of the negotiations with the United States is emphasized in the communiqué, which also says:

"M. Caillaux made a complete and detailed presentation of the pourparlers with America, and at the same time of the results obtained. The members of the Government are unanimous in thanking the delegation and the Finance Minister for the devotion with which they accomplished their mission. The questions raised concerning the whole of the inter-allied debt will be examined at future council sessions."

Press Dissatisfied.
Paris newspapers apparently are not at all satisfied. The Temps in a long editorial, deploring that the generation of young Americans like Alan Seeger, Kiffin Rockwell and Victor Chapman (all dead in the great war) "had been succeeded—it was inevitable—by those who count pounds and dollars."

Senator Henry Berenger, budget reporter of the Senate and one of the "French mission" to Washington, writing in Le Matin, lays stress on the influence of the West and Middle West in the United States Senate. He designates Senator Borah as "an Irish-German" and generalizes on Minnesota, Wisconsin and Nebraska, which, he asserts "are almost exclusively populated by citizens of German origin."

He points out that if the votes of the six Senators of these three states, plus Borah, desert President Coolidge "behold the President in difficulties now, and even more in the future."

ECZEMA ON FACE AND LIMBS

Itched and Burned So Could Not Sleep, Healed by Cuticura.

"My trouble started with an itching and burning rash, then eczema broke out in a rash on my face and limbs. My face was rough and ugly, and the breaking out itched and burned so that I could not sleep at night. The trouble lasted about three months."

"I began using Cuticura Soap and Ointment and after using two boxes of Cuticura Soap and one box of Cuticura Ointment I was completely healed." (Signed) James Frankfurter, Healthways Hospital, No. 200, Ind., Jan. 18, 1935.

BRITISH RACE PLANE DAMAGED

Falling Pole Crashes Into Machine's Fuselage. NEW YORK, Oct. 12.—Serious injury in Saturday night's storm to the super-navigator S-4, said to be one of the fastest airplanes in the world and a standby of the British Schneider cup team, was reported to members of the team yesterday from Bay Shore Park, Maryland, where the equipment is being assembled. A falling pole crashed into the machine's fuselage, the message said, causing damage which would require extensive repairs.

Four in Auto Killed by Train. POMONA, Cal., Oct. 12.—Four persons were killed near here yesterday when a Southern Pacific train struck an automobile. Frank S. Davidson, 57 years old, of Los Angeles; his son, George F. Davidson, an unidentified boy and an unidentified elderly woman, occupants of the car, were killed. Miss Irene Davidson was seriously injured.

Retires as K. of P. Major-General. BLOOMINGTON, Ill., Oct. 12.—John B. Bertoni, for 15 years active in the uniform rank, Knights of Pythias, has been placed on the retired list of the order with the rank of major-general. He is the first official of the Knights of Pythias to be retired with this rank in the United States.

INGROWN NAIL

Turns Right Out Itself

A few drops of "Outgro" in the crevice of the ingrowing nail reduces inflammation and pain and so toughens the tender, sensitive skin underneath the toe nail, that it cannot penetrate the flesh, and the nail turns naturally outward almost overnight. "Outgro" is a harmless antiseptic manufactured for chiropodists. However, anyone can buy from the drug store a tiny bottle containing directions.

FIVE PERSONS INJURED IN STREET CAR CRASH

Slippery Rails Are Cause of
Collision at Sixteenth Street
Cass Avenue.

Five passengers were injured when a street car collided with a southbound Lee car, at Sixteenth street and Cass avenue, at 7:20 o'clock this morning. There were about 50 persons on each trolley. Richard Lutes of 1210 North Sprague avenue, motorman of the Lee car, applied the brakes to stop for passengers at the west side of the intersection, but rain on the rails made the wheels slide and the Lee car was struck in the middle and shoved off the track, although it was not materially damaged. The front of the Cass car was broken in and a number of its windows were shattered. Those injured were: Miss Rose M. Callahan, 17 years old, a stu-

nographer, of 2812 North Twenty-fifth street, body bruises and possible fractured ribs; Miss Adele Anderson, 15, a labeler, of 4412 Kosuth avenue, bruises and possible internal injuries; Mrs. Henry Kaiser, 15, of 4016 Glasgow avenue, bruises of head and back; Alfred Buller, 16, a clerk, of 2212 North Market street, face lacerations; Joseph Desarda, 30, of 1812A North Twenty-third street, slight abrasions.

The young women were riding on the Lee car. Buller was on the front platform of the Cass car. The tracks were cleared within 15 minutes.

WEST END HOTEL BAR RAIDED

Federal agents, under Deputy Prohibition Administrator Dillon, Saturday night raided the bar in the basement of the West End Hotel, a negro establishment at 3900 West Belle avenue, and arrested the white bartender, who said he was George Hutton of 3911 Fairfax avenue. Several bottles of alleged beer were seized. A Federal warrant was issued today for George Hutton, a white man, said to be proprietor of the bar. Agents Toelle and Baker reported they bought beer in the place several days ago and made affidavit on which a search warrant was issued.

ST. LOUIS OBSERVES COLUMBUS DAY; CITY HALL CLOSED

Knights of Columbus Place Wreath on Statue in Tower Grove Park.

Just 433 years ago today, Christopher Columbus set foot on the American continent. St. Louis is observing the occasion, largely by the closing of City Hall offices and exchanges, and by activities of the Knights of Columbus. Stock, grain and produce exchanges here and elsewhere were closed. As it is not a legal holiday, banks, courts, Federal offices and schools are open. A wreath was placed on the Columbus statue in Tower Grove Park by the Knights of Columbus this morning. The organization had a midday mass at the Old Cathedral, and will hold a banquet at Hotel Statler tonight. Senator Reed is to speak. 7559 Copy New Testament. CEDAR RAPIDS, Ia., Oct. 12.—The churches of Cedar Rapids have copied the New Testament, producing what is said to be the only book of its kind in the world. A total of 7559 persons copied one verse each and signed his name to it. The work was started last Sunday. The verses in book form will be put on exhibit.

J. S. Coleman, Patent Lawyer, Dead
PLAINFIELD, N. J., Oct. 12.—James S. Coleman, patent attorney, credited with having handled a majority of Thomas A. Edison's patents, was killed yesterday when struck by an automobile while crossing a street. Charles Miller,

driver of the car, was held on a homicide charge. Coleman was born in Washington, D. C., and leaves his mother in that city. His father, as Sheriff of the District of Columbia, conducted the execution of President Garfield's assassin.

FRANCE MAKING INVENTORY OF NATIONAL BUILDINGS IN PARIS

Object of Appraisal Is to Put Some
of Them to Better Use or Place
Them on Market.
PARIS, Oct. 12.—French author-
ities are taking an inventory of the
national buildings in Paris with a
view to putting them to better use
or placing them on the market. Such
an inventory was made a
dozen years ago, but a new one was
considered necessary on account of
the rise in real estate values.
The total of the last inventory
was 1,795,248,448 francs (approx-
imately \$350,000,000). The Arc de
Triomphe was estimated at 20,-
000,000 francs (nominally \$4,000,-
000); the July Column, erected
where formerly stood the Bastille
at 2,710,000 francs (\$540,000); the
church and dome of the Palace of
the Invalids, including Napoleon's
tomb, 43,530,000 francs (\$8,700,-
000); the Pantheon, 50,000,000
francs (\$10,000,000); the Opera,
53,372,000 francs (\$10,750,000); the
Louvre, 284,372,000 francs (\$56,-
870,000); the Palace of Versailles,
including the Trianon, was esti-
mated at 720,155,000 francs (\$144,-
000,000).
To obtain present values, say the
officials of the Service of National

Palace and Government Buildings,
it will be necessary to multiply
these sums by five.

MUSSOLINI HEADS TERRORISTIC BAND, HIS FOES CHARGE

Affidavits Naming Him as
One Who Ordered Assassination of Matteotti
Are Secretly Circulated.

OUSTED OFFICIAL MAKES REVELATIONS

Liberals Obtain Evidence,
Given Before Senate
Jury, of Organ "of De-
fense and Vengeance."

Special to Post-Dispatch and New
York World.

Copyright, 1935, by the Press and Publishing
Company, Inc., New York City.

PARIS, Oct. 12.—(By Mail)—

Mussolini, as the head of the
Fascist terrorist organization, the
Italian Tschaka, personally ordered
the kidnapping and assassination of
the opposition Deputy Giacomo
Matteotti, June 10, 1924, the Italian
Liberals declare they have proved
by the testimony of his own ac-
complices, in a sensational docu-
ment they are circulating secretly
in Italy, on the eve of the trial of
the assassins of Matteotti.

The New York World and Post-
Dispatch are able to cite the prin-
cipal accusation, based on the re-
velations of the former Undersec-
retary of State Internal Affairs,
Aldo Finzi, and recounted by three
witnesses, Baron Schiavonini,
Carlo Silvestri, one of the editors of
Il Popolo di Roma, and Giovanni
Emanuel, Rome correspondent of
the Corriere della Sera of Milan.

In an affidavit written shortly
after the assassination of Matteotti,
Finzi, according to the witnesses,
disclosed the existence of the ter-
rorist organization which Mussolini
himself decided to call the Tschaka,
after the communist terrorist or-
ganization in Russia. This affida-
vit, they declare, was written in
anger by Finzi when Mussolini
ordered him to leave the office be-
cause of his evident implication in
the assassination.

The three witnesses, as well as a
large number of witnesses of all
sorts, were examined by State
Prosecuting Attorney Scalfaro in
the preparation of testimony to lay
before the extraordinary grand jury
of the Senate.

Assassins Alone to Be Tried.
If all this testimony were to
come before the court at the trial
beginning today, the Italian Lib-
erals declare, it would prove that
Italy was under the dictatorship of a
murderer. But they believe that
the actual assassins of Matteotti
alone will be tried and the charges
will only be accidental homicide.

(This is confirmed by a Rome
dispatch of Friday, which an-
nounced decision of the public
prosecutor to proceed only against
Dumini, Volpi and three others
as the actual slayers. The
charge is homicide "without pre-
meditation.")

Those who directed the assas-
sination, it is believed, will not be
tried at all and the testimony tend-
ing to prove the existence of the
Tschaka, which ordered the assas-
sination on Mussolini's instruc-
tions, will not be permitted to
come before the court.

Cesare Rossi, Mussolini's most
intimate collaborator for 10 years
from 1914 to 1924, who is now in
prison and scheduled, according to
the Italian Liberals, to be con-
sidered of all blame in connection
with the Matteotti murder. (This
action has already been taken, as
announced in the Rome dispatch
cited above), also made an affi-
davit, after the murder, because
he, too, was removed from his
functions as press agent for the
Fascist Government on account of
his connection with the Matteotti
affair.

Rossi's Affidavit.
He wrote his document June 14,
1924, four days after the Matteotti
assassination, but, instead of de-
claring it, as Finzi did, published
it Dec. 23, 1924. In this he laid a
long series of political crimes to
Mussolini's inspiration, and there-
by almost brought down the Mus-
solini government.

The only reason Mussolini did
not resign on this occasion, ac-
cording to Rossi, was fear of his
violent followers. This time, if the
Matteotti trial proves a farce, they
plan to have the public so thor-
oughly informed that he will not
be able to survive the accusation
of being the head of the Terrorist
organization and of having ordered
the assassination of Matteotti.

For this purpose they are using
the statements of Cesare Rossi be-
fore the Senate grand jury, testi-
mony which, they say, would not
otherwise become public because
the testimony is to be declared in-
relevant and kept out of court.
The two principal portions of
the testimony relate to the for-
mation of the Tschaka, and to the
assassination of Matteotti.

Rossi, who was trying to save
his own skin, testified that a ter-
rorist organization existed and that

One Who Ordered Assass-

fense and Vengeance.'

Special to Post-Dispatch and New

York World.

Overnight, 1925, by the Press and Pulitzer

Publishing Co. (New York World

and Post-Dispatch).

PARIS, Oct. 12.—(By Mail)—

Mussolini, as the head of the

Fascist terrorist organization, the

Italian Tcheka, personally ordered

the kidnapping and assassination of

the opposition Deputy Giacomo

Matteotti, June 10, 1924, the Italian

Liberals declare they have proved

by the testimony of his own ac-

complices, in a sensational docu-

ment they are circulating secretly

in Italy, on the eve of the trial of

the assassins of Matteotti.

The New York World and Post-

Dispatch are able to cite the Tcheka

accusation, based on the re-
velations of the former Undersec-retary of State of Internal Affairs,
Alfonso Finzi, and recounted by threewitnesses, Baron Schiffr-Giorgini,
Carlo Silvestri, one of the editors of

Il Popolo di Roma, and Giovanni

Enghel, Rome, correspondent of the

Corriere della Sera of Milan.

An affidavit written shortly

after the assassination of Matteotti,

Finzi, according to the witnesses,
disclosed the existence of the ter-

rorist organization which Mussolini

himself decided to call the Tcheka,

after the communist terrorist or-

ganization in Russia. This affida-

vit, they declare, was written in

anger by Finzi when Mussolini

ordered him to leave office because

of his evident implication in the

assassination.

The three witnesses, as well as a

large number of witnesses of all

ranks, were examined by State

Prosecuting Attorney Santoro in

the preparation of testimony to lay

before the extraordinary grand jury

of the Senate.

Assassins Alone to Be Tried.

If all this testimony were to be

before the court at the forthcom-

ing trial, the Italian Liberals

declare, it would prove that Italy

was under the dictatorship of a

murderer. But they believe that

the actual assassins of Matteotti

alone will be tried and the charges

will only be accidental homicide.

This is confirmed by a Rome

dispatch of Friday, which an-

nounced decision of the public

prosecutor to proceed only against

Dumini, Volpi and three others

named as the actual slayers. The

charges are homicide "without pre-

meditation."

Thom Finzi directed the assas-

sination, it is believed, will not be

tried at all and the testimony tend-

ing to prove the existence of the

Tcheka, which ordered the assas-

sination on Mussolini's instruc-

tions, will not be permitted to

come before the court.

Caesare Rossi, Mussolini's most

intimate collaborator for 10 years,

from 1914 to 1924, who is now in

London and scheduled, according to

the Italian Liberals, to be con-

vinced of all blame in connection

with the Matteotti murder. (This

By the Associated Press.

WASHINGTON, Oct. 12.—Cen-

sus Bureau calculations of city

populations as of July 1, this year,

covering a large part of the United

States, were made public yesterday

by the Department of Commerce.

New York being omitted, Chicago,

with a total of 2,995,239, was

the largest city listed. For Phila-

delphia, the Bureau estimated 1,-

979,864; Detroit, 1,242,044; Cleve-

land, 936,485; St. Louis, 821,643;

Baltimore, 796,296; Boston, 781,-

cisco, 557,530; Buffalo, 538,061;

and Milwaukee, 509,192.

These figures, which only cities listed

in a few cases, were assigned more than a

half-million of population. The

Bureau's calculations were based

on the rate of increase in growth

shown by the cities considered dur-

ing the decade, 1910-1920, except

in local census figures were avail-

able. Calculations were not made

for Los Angeles, Atlanta, Akron,

Oklahoma City, Norfolk, and a few

other points, where there was rea-

son to believe the results would be

far from correct.

Cities shown to have populations

between 300,000 and a half a mil-

lion included Washington D. C.,

437,908; Newark, 452,513; Minne-

apolis, 425,425; New Orleans, 414,-

land, 253,700; St. Paul, 246,001;

Omaha, 211,768 and Birmingham,

Estimates were not made for cit-

ies having less than 10,000 popu-

lation nor for communities in Flor-

ida, Iowa, Kansas, Massachusetts,

New York, Rhode Island, South Da-

kota and Wyoming, where state

census have been recently taken.

The Bureau's estimates for Mis-

souri include: Cape Girardeau, 14,-

naturally trying not to implicate

himself, and he kept giving the

GROSSLY WASTED,
MADDEN SAYSDevelopment Program,
Purposeless, Meaningless,
Endless Experimental Or-
gy, Congressman Asserts.DENIES CONGRESS HAS
BEEN NIGGARDLYConcludes the Service Can-
not Be Left Safely in Dis-
cretion of Army and Na-
vy Departments.

By the Associated Press.

WASHINGTON, Oct. 12.—The

Army and Navy were charged to-

day by Chairman Madden of the

House Appropriations Committee

with squandering millions of dol-

lars "in a purposeless, meaningless,

endless experimental orgy" in tech-

nical aircraft development.

Testifying before the President's

Air Board, which resumed hear-

ings after a recess of several days,

Madden declared technical devel-

opment of aviation could no longer

be "safely left" to the two mili-

tary services if the United States

was to take its place "among the

countries of the world in the air."

If credit is to be given witness-

es "who have preceded me," he

asserted, the experimental and de-

velopment work conducted by the

Army and Navy since the war "has

been productive of very little. If

any advance toward a plan which

might be accepted by Congress.

"You have been told by men who

should know that, with few excep-

tions, our progress has been made,"

he said.

Citing testimony by Maj. Gen.

Mason M. Patrick, Chief of the

Army Air Service, that 262 pursuit

planes purchased by the Army

had been found deficient in vision

recently, Madden said he had

"heard something of a charge of

criminal negligence, but that bor-

ders on criminal waste."

"Think of buying 262 pursuit

planes that a pilot has difficulty

in seeing out of," he exclaimed.

Get-Nowhere Program.

Failure of the Army and Navy to

spend their money "intelligently"

in the air service, he declared, is

not unique, as "similar extrava-

gant, get-nowhere programs are

being carried on tank development,

artillery development, chemical

warfare and ammunition develop-

ment."

Madden submitted a plan for

promoting army and navy aviation

at a cost of \$87,500,000, which

among other things, would pro-

vide for discontinuance of all aer-

onautical engineering and design

work by the two military services,

Now they've discovered

Cloudy teeth are not naturally "off color"—simply dulled with a dingy film that hides them and invites decay and gum troubles

Now restore your teeth to dazzling whiteness, your gums to healthy firmness this remarkable new way that dental authorities urge... send coupon for 10-day test... note the amazing difference in your teeth

BELIEVING your teeth are naturally dull is a great mistake. Science has proved otherwise. Permitting your teeth to be other than clear and beautiful is an injustice to yourself.

Largely on dental advice, millions are now multiplying the beauty of their smiles. New methods of tooth cleaning and gum care have been found.

In a few days you can work wonders with your teeth. Can give them whiteness and clearness that amaze. But not with ordinary brushing. Just send the coupon and a 10-day supply of the correct way will be sent.

It's film that hides pretty teeth and imperils gums

Dental science now traces scores of tooth and gum troubles to a germ-laden film that forms on your teeth.

Run your tongue across your teeth and you will feel it... a slippery, viscous coating.

That film absorbs discolorations from food, smoking, etc. And that is why your teeth look "off color" and dingy.

FILM the worst enemy to teeth

You can feel it with your tongue.

It clings to teeth, gets into crevices and stays. It lays your gums open to bacterial attack and your teeth open to decay. Germs by the millions breed in it. And they, with tartar, are a chief cause of pyorrhea.

Mere brushing won't do

Ordinary dentifrices and cleaning won't fight film successfully. Feel for it now with your tongue. Note how your present cleansing method is failing in its duty.

Now new methods are being used. A dentifrice called Pepsodent—different in formula, action and effect from any other known.

Largely on dental advice the world has turned to this method.

It removes that film, and firms the Gums

It accomplishes two important things at once. Removes that film, then firms the gums.

A few days' use will prove its power beyond all doubt.

Send the coupon. Clip it now before you forget.

ARMY AND NAVY WASTE AIR FUNDS, SAYS MADDEN

Continued from Page 17.

600,000 annually would suffice for aviation work.

Affirming his belief in the "potentialities of aircraft both in war and in peace," Madden declared that in his opinion "we are barely past the threshold of aeronautical development."

Appropriations Ample.

If reports reaching him were true, he said, "the charge has been made here that military aviation has been retarded because Congress has not voted adequate appropriations." As chairman of the Appropriations Committee, he would "not let that charge go unchallenged."

Reviewing appropriations for aviation, both during and since the war, he was "ready to concede that enough planes and spares are not available fully to take care of (the air services' planes. But in view of the 'millions spent,'" he said, it is not "too much to expect more than is in evidence in tangible results."

Comparing American air appropriations with those of other nations, he gave these figures for the fiscal year 1934:

"Great Britain, \$82,424,884; France, \$65,261,619, and Japan, \$10,330,000."

"Our \$66,000,000 average," he added, "does not suffer by comparison." Among other things he advocated the training of more enlisted men as pilots.

FIVE WEALTHY PRISONERS AT ATLANTA PRISON PAROLED

Two Members of Savannah Liquor Ring and Former Indiana Banker Included.

By the Associated Press.

ATLANTA, Ga., Oct. 12.—Five Federal prisoners, several of them reputed to be millionaires, were released on parole yesterday from the Federal penitentiary here.

Richard Bailey of Savannah and C. C. Tuten of New York, who were leaders in the Savannah liquor-running ring, said they had "learned their lesson and were going back to Savannah to make good."

Frank P. Fuchs, formerly vice president of an Evansville bank, and Clyde Hunter and Lewis Barnes, ex-assistant Solicitor-General and Sheriff, respectively, of Gary, Ind., were others leaving on parole. Fuchs was charged with having violated the national banking laws while Hunter and Barnes were convicted of conspiracy to violate the prohibition laws.

FORECASTS WIRELESS TELEPHONE TO LONDON

Walter S. Gifford, Head of Bell Telephone System, Here on Inspection Trip.

Walter S. Gifford, president of the American Telephone & Telegraph Co., in St. Louis on one of his periodical tours of inspection of the Bell Telephone System. He has visited subsidiary companies in the North and, after returning to New York tomorrow, will leave shortly for a tour through the South and West before returning again to the Middle West.

The field of communication is not completely conquered, he said, discussing the possibility of two-way wireless telephone conversation between points in Europe with cities in the United States. He expressed the belief that before another year, experiments being conducted between London and New York would produce the desired telephonic connection for commercial use.

The American Telephone & Telegraph Co., has been experimenting with this phase of communication for six years and within the last year, in conjunction with the British Post Office Department, has had pleasing results.

Tremendous Strides.
Gifford, who, at the age of 40 years, is president of a \$2,500,000 corporation, believes that opportunity in the American business field offers itself to young men today as much or more than it ever did.

He cited his own career as an indication that opportunity was presented to everyone for advancement and recalled that he had been told by some when he entered the company service in 1904 that telephones had reached a stage which made no advance needed. Tremendous strides have been made since that time, he added, and he believes that relatively the same advance will be made in the future.

Business Conditions Good.
Gifford expressed himself as pleased with present business conditions and said he did not care to

"THE FOUNDATION OF HIS HEALTH"

Among the thousands who have publicly expressed indebtedness to Tanlac for normal weight, health and strength, is A. R. White, who recently said:

"The foundation for my present excellent health was laid by Tanlac. For months I had been run-down. I had lost all enjoyment for food and suffered great discomfort from indigestion. My liver was sluggish and that tired feeling was on me all the time.

"Three bottles of Tanlac relieved my troubles and started me off with a system so thoroughly toned up and renewed that I soon found myself feeling like a new man."

Both A and B

radio power from your house current

Philco "A" and "B" Socket Powers are plugged right into a lamp or wall socket. They transform your alternating current into smooth, hum-free, direct current necessary for your radio.

One switch controls everything—"A" power, "B" power, even the radio set itself. Snap it "ON" and you get a strong, uniform flow of both "A" and "B" power. Snap it "OFF" and your power is shut off—your radio is silent—and current begins gently feeding back into Socket Power "A" from your light wires.

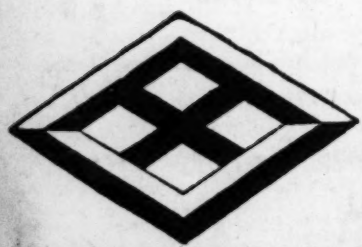

No more recharging to think about—no more bother and expense of disconnecting worn-out dry cells and replacing them with new.

Equally important—there are no tubes to burn out—no high voltage transformers—no moving parts—no hum—no distortion—no falling off in reception. As dependable as your electric current and turned on exactly like an electric light.

Once you connect Philco Socket Power to your radio you never need change a single wire. You forget all about getting wires mixed and burning out tubes. You forget that radio is mysterious and technical. You just enjoy it.

Sold and demonstrated by leading radio and music stores and by Philco Diamond Grid Battery Dealers.

PHILADELPHIA STORAGE BATTERY CO.

Philco also builds rechargeable batteries, unique because they may be permanently connected to your radio and safely charged in your living room without changing any wires. Easier (and far cheaper) than the periodical recharging and rewiring of dry cells. Philco Standard "B" Battery—a complete Adam-brown mahogany-finish replacement for 90 volts of dry cells. Only \$19.85! Philco "A" Batteries in add-tight glass cases—for dry cell tubes, \$6; 6-volt tubes, \$16. Built-in charge indicators. In rubber cases, subdued mahogany color, \$14.85 and up. Philco Radio Batteries are built Dynamic—DRY but CHARGED. Their life doesn't start until the dealer pours in the electrolyte. You can't get a stale Dynamic Philco. To avoid getting a stale battery, demand Philco Dynamic also for your automobile.

PHILCO

This switch controls everything

~your A power

For dry cell (3 volt) tubes

Buy Philco Socket Power Type "AB" as pictured above. Both "A" and "B" power built into one handsome brown mahogany-finish case—controlled by one switch. No hum—no distortion. Costs only one cent per day to operate. Supplies as high as 130 volts of "B" current. Ideal for both older and newer models of Radiola Super-Heterodyne.

Simplicity itself to use. Connect to your radio once for all. Plug into a light, wall or base socket. The one Socket Power switch then controls everything—"B" power as well as "A." You even leave the radio switch "ON" at all times. No dry cells to replace—no thought about recharging. Easy as turning on an electric light.

For 50-60 cycle 105-125 volt alternating current..... \$65.00

For storage battery (6 volt) tubes

Buy Philco Socket Powers Type "A" and "B" in individual cases. Either "A" or "B" may be used alone, but for the greatest possible convenience use both together.

Plug Socket Power "B" into the built-in receptacle on Socket Power "A." Plug "A" into a light, wall or base socket. Turn the "B" switch and the radio switch "ON" and leave them on permanently. The switch on the "A" then controls everything. To use the radio, snap this "A" switch "ON." When through using the radio snap it "OFF." A touch of your finger does everything. Nothing to think about but the one "A" switch.

Socket Power "A" for 50-60 cycle 105-125 volt alternating current..... \$42.50
Socket Power "B" for 50-60 cycle 105-125 volt alternating current..... \$47.50

minor league team, fielding the
ball quickly and accurately and
otherwise outclassing the visitors,
who had been unable to score.
While the locals had hit Pavelec

The Schenbergs showed a disposi-

CHAMPIONS AGAIN

"Old Barney Was O.K., Except His Dogs
Whined When He Tried to Cover First"By Old Barney Is Not
Meant Old Barney Drey-
fuss Who Is Only Good
at Pitching Pennies.

By Ring Lardner.

WASHINGTON, Oct. 12.—Back
in the old home town there
was a superstition that you
could tell what the winter was going
to be like by examining the
breastbone of a goose. Without
rumping into the Washington club-
house after today's game and ex-
amining the breastbone of the only
Goose at large therein, I am at lib-
erty to prophesy that it will be a
wonderful winter for the Goslin
family, of some unidentified place
in New Jersey.The Goose has come through in
the serious like no other man ex-
cept maybe that far western Scan-
danavian who you can look up in
the phone book and find his name
covering a third of the pages, and
no wonder. But we expected great
things of the Johnson boy, where-
as you can take a man like the
Goose and more often than not he
is likely to be a terrific bust in an
affair like this.However, he made good today in
both batting, fielding and general
puleitideand it looks like this was
the chance to tell a story with
him as the hero.

Not That Kind of an Alma.

Well, it seems that a year ago,
the high school from which Goose
had graduated, sent the entire se-
nior class down here to admire him
and the high school boys, being
showed to a section seats, stood up
in same and gave their yell.A third assistant manager of the
Washington club went up to Em-
pire Brick Owens and said: "What
is all the cheering for?""Well," said Brick, "they tell
me Goose has his alma mater in
the stand.""He better be careful," said the
third assistant manager, "Bucky
and Griff don't want him fooling
around with any dames."There was a great deal of con-
fusion among the scribes when it
was announced before game time
that Old Barney would pitch for
Washington. To you and I it is
apparent that Old Barney is a
nicknames for Walter Johnson, but
to those on the outside it seemed
like they thought Old Barney Drey-
fuss was going to pitch. If it was
a pitching pennies contest, that
bird would be the proper selection.

Altered the Publisher's Map.

The umpire's selections ruled
that George Moriarty would be the
umps in charge. One time years
ago Moriarty was in charge as au-
thor of a beautiful song about
"Roses and You," or something and
the man in charge of the music
and publishing rights gave GeorgeThe Pirates Started to Treat
Johnson Rough, but He
Just Wouldn't Stand for
It.If they had decided to postpone
the balance of this game till the
tomorrow. When Old Barney gets
you for four down with five holes
to go, it is time to ask for a differ-
ent caddy.Ages ago I used to come down
here to Washington with a ball
club and now I come with the
White Sox and it wasn't a bad ball
club at that. But when the boys
knew a day ahead that Old Barney
was due to pitch the next game, it
was remarkable how their health
went back on them. One after an-
other they used to come up to
Fleider Jones and say, "Fleider, I
ate something that didn't agree
with me and I don't believe I can
do my best ball playing tomorrow."To which Fleider would retort:
"You will either play tomorrow or
else eat in some other league and
see how that agrees with you." So
the boys would have to play and if
one of them got a bag hit he was
so cocky for the rest of the trip
that he wouldn't even talk to a
newspaper man. Old Barney has
grown up along with the rest of
us; but if they call him old today
they ought to refer to us boys as
Third Avenue horse cars.

Walter's Dogs Complain

Fans and others will say that
Walter Johnson is a seventh
at this junction. He Traynor, one
of the best of the Pirates in this
series, crashed a single to right
center. Glen Wright followed with
a high line drive that would have
meant business if Bucky Harris
hadn't jumped over the fence and
stabbed it, the answer to which was
a double play. Then Grantman
socked a murderous ground ball
toward right field. Judge came up
with it but Walter's dogs whined
when he tried to cover first base.
Glen came in and Walter
pulled himself out of the hole.You can be lucky, but not in a
League this size over a period of
18 years.To make the "Old Home week"
a complete success, they sent Babe
Adams out to pitch the eighth in-
ning. Babe covered fine base in
was Roger Peckinpaugh, a veteran
in the eyes of some, but a cake-
eater compared to the Babe. Peck
went out, but Muddy Ruel was safe
on a ground ball to Grantman be-
cause Babe covered fine base in
much the same way as Walter had
done a few moments before. The
old Lithuanian or whatever he is,
got through the inning without real
difficulty, and I think everybody
was glad of it, except these Wash-
ington fans, whom you apparently
can't satisfy.

ABOUT 4500 VISITORS
EXPECTED TO WITNESS
ILLINOIS-MICHIGAN GAMESpecial to the Post-Dispatch.
CHAMPAIGN, Ill., Oct. 12.—With
about 4,500 visitors expected here
on Oct. 24 to attend the Michigan-
Illinois homecoming football game,
traffic policemen will probably be
brought here from Chicago to as-
sist in handling the crowds, the ma-
jority of whom will come in auto-
mobiles. A score of Chicago traffic
officers were brought here last year
to assist local authorities. It is
probable outside help will be ob-
tained to handle the huge crowd
expected to attend the Chicago and
Illinois game on Nov. 7.Gov. Len Small has been invited
by President David Kinley of the
University of Illinois to attend the
Illinois-Michigan game.

Boston Soccer Club Wins.

Special to the Post-Dispatch.
NEW YORK, Oct. 12.—The Glan-
ce soccer club suffered its second
straight defeat since the inaugura-
tion of the present American Soccer
League season at the hands of the
Boston F. C. by the score of 3 goals
to 1. Although Crilly scored after
80 minutes of play in the opening
period from Brown's pass, the home
club could not hold the lead and 10
minutes later Fox netted from a
corner kick.Midway during the second half
McNab found the net on a pretty
pass from Priestley and Blair fol-
lowed with another after a clever
individual effort.

Point a Minute Team.

CHICAGO, Oct. 12.—"Hurry Up"
Yost is near to achieving another
"point a minute" team at Michigan.
He has the only clean slate of the
Western Conference in conference
games so far. In 120 minutes of
play Michigan has scored 102 points,
one a conference victory and the
other an overwhelming defeat of
an old rival—Michigan Aggies.

Malone to Meet Flowers.

ST. PAUL, Minn., Oct. 12.—Jack
Malone and Tiger Flowers, middle-
weights, will meet in a 16-round
bout here Oct. 23. The match was
signed when it became apparent
that a fight between Malone and Jimmy
Delaney could not be arranged.

Walter's Dogs Complain

Fans and others will say that
Walter Johnson is a seventh
at this junction. He Traynor, one
of the best of the Pirates in this
series, crashed a single to right
center. Glen Wright followed with
a high line drive that would have
meant business if Bucky Harris
hadn't jumped over the fence and
stabbed it, the answer to which was
a double play. Then Grantman
socked a murderous ground ball
toward right field. Judge came up
with it but Walter's dogs whined
when he tried to cover first base.
Glen came in and Walter
pulled himself out of the hole.You can be lucky, but not in a
League this size over a period of
18 years.To make the "Old Home week"
a complete success, they sent Babe
Adams out to pitch the eighth in-
ning. Babe covered fine base in
was Roger Peckinpaugh, a veteran
in the eyes of some, but a cake-
eater compared to the Babe. Peck
went out, but Muddy Ruel was safe
on a ground ball to Grantman be-
cause Babe covered fine base in
much the same way as Walter had
done a few moments before. The
old Lithuanian or whatever he is,
got through the inning without real
difficulty, and I think everybody
was glad of it, except these Wash-
ington fans, whom you apparently
can't satisfy.

EXPECTED TO WITNESS
ILLINOIS-MICHIGAN GAMESpecial to the Post-Dispatch.
CHAMPAIGN, Ill., Oct. 12.—With
about 4,500 visitors expected here
on Oct. 24 to attend the Michigan-
Illinois homecoming football game,
traffic policemen will probably be
brought here from Chicago to as-
sist in handling the crowds, the ma-
jority of whom will come in auto-
mobiles. A score of Chicago traffic
officers were brought here last year
to assist local authorities. It is
probable outside help will be ob-
tained to handle the huge crowd
expected to attend the Chicago and
Illinois game on Nov. 7.Gov. Len Small has been invited
by President David Kinley of the
University of Illinois to attend the
Illinois-Michigan game.

Boston Soccer Club Wins.

ce soccer club suffered its second
straight defeat since the inaugura-
tion of the present American Soccer

80 minutes of play in the opening
period from Brown's pass, the home
club could not hold the lead and 10
minutes later Fox netted from a
corner kick.Midway during the second half
McNab found the net on a pretty
pass from Priestley and Blair fol-
lowed with another after a clever
individual effort.

District Tennis
Championship
Won by DrewesNational Municipal Title-Hold-
er Defeats Joe Smith
in Final.

By Davison Ober.

The 1925 tennis season for play-
ers of the St. Louis District came
to a close yesterday when the final
round of the singles championships
was completed. Owing to rainy
weather the season ended two
weeks later than usual.Theodore Raymond Drewes,
O'Fallon Park representative, is the
new district singles champion, suc-
ceeding Wray Brown who won the
1924 title but did not compete this
season because he was absent from
the city. Drewes defeated Joe
Smith, local junior star, in the sin-
gles final at Triple A yesterday.With Ed Serrano as a partner,
Drewes won the district doubles,
defeating Smith and Charles Sigoloff
in the final yesterday.Drewes defeated Joe Smith in
straight sets. The score was 6-1,
8-7, 6-1. Play in the second set
was close, each player alternating
in winning his service until the
score reached 7-4. Drewes broke
through Smith's service to win two
straight games and the set. The
new champion's variety of strokes
proved too much for Smith yester-
day.

Public Park Champion.

For the past several years
Drewes has confined his play to
public park events. He won the Na-
tional Municipal championship in
1924, and again this year. Drewes
has won a number of singles tour-
naments during the past 10 years,
among them being the Missouri
State, Central States and Triple A
Club championships. Paired with
Fred Justis he captured perma-
nent possession of the Central
States doubles trophy.Mrs. Mellicent Endicott Baehr, of
the Forest Hills Tennis Club, de-
fended her title as women's dis-
trict tennis champion by eliminat-
ing Lottie Hagemeyer, her doubles
partner, in the final round of the
singles at Forest Hills yesterday. In
addition to being the leading wo-
man player of the St. Louis Dis-
trict, Mrs. Baehr is the present
Missouri Valley champion, and
last season won the Tri-State
title. She is also a former cham-
pion of the Municipal Tennis As-
sociation and the Sunday School
Athletic Association.

Four Set Doubles Final.

Four sets were played in the
district doubles final, Drewes and
Serrano winning, 4-6, 6-3, 6-2,
6-4.Mrs. Mellicent Baehr won her
match with Lottie Hagemeyer in
straight sets yesterday. The score
was 6-3, 6-3. Last year the
players met in the final and Miss
Hagemeyer forced the contest to
three sets before losing. Mrs. Baehr
showed an improved game in the
final yesterday.

feated, 6-4, 6-4, 3-6, 7-5, by

By Dent McKimming.
With almost a dozen of the stars of last season missing, the class of soccer exhibited in the opening games of the St. Louis Soccer League at Grand and Laclede avenues yesterday was somewhat below the professional standard. The Vespers entirely outclassed the Ben Millers by 5 goals to 1 in the second game, billed as the feature, while the Ratians team defeated the Wellstone, 2 to 1, in the opener. There were about 1500 persons in the stands.

The Vesper eleven was virtually intact from last season, the only changes at the start being in the forward line, where Manager McCarthy tried Hanson at outside right and Cronin at inside right. Both gave very favorable impressions. Later, Signalgo appeared at inside right, Phelan at center half-back, Delaney in the goal and Reid at left fullback. All worked well enough to deserve further trials.

For the Ben Millers, the absence of such stars as Jim Dunn, Eddie Dunn, Bennie Evans, Peter Smith, Tommy White, Ed Croak and Benny Nash necessitated the use of several players of lesser caliber. Tim Daley, who went out with a broken leg a year and a half ago, returned to right fullback, but was kicked in the hip and was forced to retire in the second half. Andy Hack came back with Foley's team and played well at left fullback. Mulroy, shifting from left fullback to inside, was the only bright figure in the front line. Leo Bergin, formerly of the Vespers, was at inside right for the Millers.

Ratians Return to Game.
Harry Ratian, himself, returned to center forward for his team and, although he appeared somewhat out-of-sorts, he played well. His presence served to steady his comparatively young team and had an important bearing on the result of the game. George Schmel scored on a beautiful long shot in the first half after Ratian had dropped the ball on his toe. In the second half Ratian's result to McHenry, at outside right, resulted in a shot which bounced off the crossbar and Buddy Brengle headed it through on the rebound.

These Brady made good his threat to retire from active playing after a continuous stretch of almost 20 years of competition. He had Hitchcock and Schwarz at fullback, the real trouble with the Wellstone team was the inability of the forwards to retain possession of the ball. Thoma missed a couple of setups and Brannigan lofted one over the top. Lehman gave promise as a center forward. Nolan, McHenry and Schurman were effective at halfback, but Schurman, in the past, was on top of his own fullback from start to finish.

Craddock Missed Nothing.
John Craddock missed nothing in his role as referee. Some fans thought he saw too many infractions, but he wisely stood by a strict interpretation of the rules. The players were not accustomed to the new rule on off-sides and called to take full advantage of the greater freedom given forwards. There was one off-side called by the referee in the second half. The one-back game now is an impossibility, for an attacking forward need have only one back and the goalkeepers between him and the goal, whereas under the old rule he needed two backs and the goal.

Strong Tiger Eleven Appears To Be Headed Toward a Title

Missouri, Well Fortified With Reserves, Displayed Great Form and Unity of Action in Beating Nebraska—Over-Confident of Greatest Foe.

By J. Walter Goldstein.

If having football "form" on one's side ever meant anything to a coach, Gwyn Henry of the University of Missouri now has reason to regard the Missouri Valley Conference situation with as much confidence as hope. Indeed, the Tigers seem to be riding the crest on their way to the 1925 championship and it is only a dope upset that can head them off.

The Tiger opposition for the remainder of the year, among conference eleven, includes Kansas, Kansas Ames, Washington, Oklahoma and Kansas. Judging by their performances of Saturday, the Kansas schools are a bit wanting, while Oklahoma and Washington have not been title contenders at all this season. Ames surprised with its handy defeat of the Jayhawks; but, according to scouts who have heard the howls in action, they hardly compare with Nebraska, the Tiger victims, last Saturday.

There are generally two main reasons for late season form reversals, and Missouri seems fairly well guarded against both of them. The eleven is fortunate in its schedule. Following the game with Nebraska Saturday, that enables Henry to ease up on his preparations and sidestep the danger of staleness which often attends such a climactic contest as the Cornhuskers presented. Following the Roila game, which probably will be the Missouri trainers and coaches will probably point to the season-closing game, taking the four other Valley opponents on the upgrade. Another reason why the Tigers will probably avoid the much-dreaded staleness is the fact that there are so many capable substitutes on the squad, especially in the backfield. Thus, there is at no time a playing strain on any one group—an ideal condition for any coach to have.

Of course, the big bugaboo at the Columbia camp will be overconfidence. The coaches will fight against it, but it is a danger that players never seem to realize. Weak at Forward Passing. If there was one weakness of the Missouri team that should be corrected, that weakness is in forward passing. About 18 aerial plays were tried by the victors and only two of them found the proper waiting arms. The passes did not seem well covered and generally the late-telling toss of the day, from Stuber to Clark for a touchdown, was accomplished by a mixture of deception that completely fooled the opposition.

Stuber, who can pass with either hand, looked to the right for his receiver and then passed with his left hand to Clark, who had dashed out to the left side of the field. One unusual afternoon play was the game was the fact that not one man was injured enough to keep him out of practice for next Saturday's play. In fact, the game was as fiercely fought as this one, a battle which was a tactical fight for every yard of yard, such a record is as unusual as it is satisfying.

PIKER ELEVEN PLAYS OKLAHOMA AGGIES IN M. V. GAME SATURDAY
The Washington University football team will play its second Missouri Valley Conference game Saturday against the Oklahoma Aggies here. The players suffered no serious injuries in the game last Friday with the Southern Methodist University.

While the Pikers have accomplished no miracles in the two games played to date, the team has shown improvement. The worth of Coach Higgins' methods had not yet been demonstrated, since the team played both games on a wet, boggy field.

A dry gridiron will enable the Pikers to play their best efforts. The backfield, consisting of Capt. Levy, Bob Mahan, Sam Ploun and Al Hayes, has proved its mettle. Hayes particularly shone in the contest with the Southern Methodist. Higgins must build a line that will provide interference for the speedy backs.

Notre Dame and
Army Elevens to
Play Saturday
Contest Will Prove Feature of
Star Football Program
in East.
By the Associated Press.
NEW YORK, Oct. 12.—Eastern
college football teams are con-
fronted with intensive training this
week in preparation for hard
schedules on Saturday. Three in-
ter-sectional title dot a heavy card
of eight major contests with Sym-
cuse and Columbia invading "Big
Ten" gridirons while Notre Dame
and the Army clash at the Yankee
Stadium in New York.
Knut Rockne's outfit is still re-
garded as somewhat of an un-
known quantity. The Beloit game
which Notre Dame won, 19 to 1,
failed to reveal any plays which
might have been advantageous to
the West Pointers. Rockne is
coming east with a reversible
team—that is, he has two teams of
equal strength and at any given
time he can drop 11 new players
in the game which would make as
good a showing as the original
squad.
It will be the Army's third
straight inter-sectional tilt this
season. The team was successful
in its first two efforts, defeating
Penn. Opposes Yale.
Sharing the football spotlight
with the Notre Dame-Army bat-
tle in the East is the Pennsylvania
clash with Yale at New Haven for
the first time in 31 years. Tad
Jones is not enthusiastic about the
Blue showing against Georgia and
after today's signal drill, practices
will be concentrated on the devel-
opment of a stronger defense.
Pennsylvania's victory over the
hardy Brown machine increased a
leaning toward the Quakers
against Yale.
Victories over Marquette and
William and Mary have greatly en-
couraged the Middles who are pre-
pared to entertain Princeton, Shap-
leigh and Elgin in the coming week.
Remarkable improvement in the
Navy backfield. Barring acci-
dents, the same lineup which has
been used will be pitted against
the Tigers.
Harvard was the high scoring
team over the week-end with a 48
to 0 triumph over Middlebury, in-
dicating a change for the better
in the coaching arrangement. The
Crimson's next opponent will be
Holy Cross.
Columbia will be fortified with
a clean slate when the squad jour-
neys to take on Ohio State at
Columbus. Columbia has yet to be
scored upon this year.
Syracuse plans to present a
strong aerial attack against In-
diana at Indianapolis. The for-
ward pass was used with marked
success against William and Mary.
Other outstanding struggles will
find Rutgers stacked against Cor-
nell at Ithaca and Colgate meeting
Lafayette at Philadelphia.
Cuyler Unable

Writes Goslin
Pirates Have Shown They
Have Real Third Sacker,
Goose Admits.
By Leon "Goose" Goslin.

(Copyright, 1925.)
WASHINGTON, Oct. 12.—They
tell me I broke a world's series
record when I pounded out that
home in the third which account-
ed for three of our four runs.
This brought my total in time play
to five, while the next best mark
of four was made by "Babe" Ruth.
I certainly was surprised, as I
do not keep any figures of this
kind. Well, I might mention that
this present series is not over yet
and maybe I have a few more in
my hat. You never can tell.
But I don't rate myself as the
hero of the game by a long shot.
I cannot say anything too good
for Walter Johnson, who stood out
like a monument. Perhaps he
has pitched better games, but he
probably rates the victory among
the choicest of his big collection.
Pirates a Surprise.
This Pirate team has been a
surprise to me. Most people
thought they would be us like
Grant took Richmond, but our
pitchers have made them look
only ordinary. All they've shown
me is a good third baseman, a
good shortstop and a good center
fielder. Cuyler was supposed to
be their big star, but he hasn't
been able to get started.
Neither have the Pittsburghers
shown any of the inside stuff we
were led to expect. We haven't
seen any of the "inside" stuff we
were led to expect, but I must
admit that there have not been
many chances to use it.
This writing business is some-
thing new to me and I would
rather have a sore neck than to
have to write stories for a living.
That's one reason why I hope the
series will end today.
Deardorff Plays Kirk.
The first challenge match for the
Peterson billiard trophy, emblem-
atic of the amateur three-cushion
championship of St. Louis, will be
played at Peterson's Thursday and
Friday nights, when Gene Deardorff,
the champion, defends his
title against Harry Kirk in a 100-
point match of 50 points.

EVANGELIST MISTAKEN.
IN ST. LOUIS, HE SAYS
Howard S. Williams Estimated
Five Per Cent Were Christians,
Now Limits Them to Two.

A week in St. Louis has con-
vinced Howard S. Williams, Missis-
sippi lay evangelist, that he made
an overestimate when he said, in
his first address here, that perhaps
5 per cent of the people of this
city were Christians.
"I was wrong," he said last night
in his talk to a gathering which
filled the tabernacle at 5940 Delmar
boulevard. "I don't think now it
is more than 2 per cent."
There will be no service tonight,
as Monday is rest day for the evan-
gelist and his party. The evangelis-
tic party will visit Normandy
High School tomorrow morning
and at noon tomorrow will hold a
short meeting at the McQuay-Nor-
ris Manufacturing Co., 2320 Cooper
street. The meetings will be re-
sumed Tuesday night in the tab-
ernacle, which is located at
Atlantic and Gambler.
"Two of the most sinful cities I
know of," said Williams last night,
"are St. Louis and my home town,
Hattiesburg, Miss."
"There was an ancient law that
anyone who blasphemed God's
name should be stoned. If they had
such a law today, more than one-
half the church members in St.
Louis would be stoned to death."
You can't tell me this is a
Christian community when there
is more interest in a gambling race
track than there is in a religious
revival. Gambling is one of the
greatest sins this side of hell. I
know, because I have gambled in
every way, and I know of a man
who gambles is saying to every boy,
"Let me push you into the peniten-
tiary."
Modern "Jezebel."
Boys were warned against taking
"little 24s" ball players as their
heroes. "Not a single Christian
man witnessed or participated in
that Sunday world's series game at
Washington today," he said.
"Every man who did slapped my
Christ in the face. He that loveth
Me will keep My commandments."
Speaking on "The Modern Jeze-
bel," Williams said:
"One woman of influence who is
not a Christian can take a whole
neighborhood in this town to hell.
My wife was a modern Jezebel. I
mean in a spiritual sense, not mor-
al, because she did things which
hurt her influence as a Christian."
"Many a wife has kept a man
from coming to God. But don't
you be an Abigail. If he had been
a man he wouldn't have left a heath-
en queen pull him around by the
ear."

BLIND GIRL, INSPIRED BY
RADIO, BECOMES SONG WRITER
By the Associated Press.
LOS ANGELES, Oct. 12.—Radio
brought to Beatrice Fenner, 20-
year-old blind girl of Los Angeles,
the inspiration which two years
ago started her on a career of
musical composition that has won
the recognition of Amelia Galli-
Curci and other celebrities.
This was disclosed by the young
composer's mother, Mrs. F. C. Fen-
ner, when she commented on the
award of a Juilliard Musical Founda-
tion scholarship to her daughter,
who went to New York two months
ago to enter the American Founda-
tion for the Blind.
Music brought to her by the
radio was Beatrice's happiness, said
her mother, and about two years
ago, after listening entranced to
the broadcast voice of Mary New-
kirk Bower, popular Los Angeles
soprano, she exclaimed:
"I like her voice so well I'm go-
ing to write a song for her."
"But," protested her mother,
"you don't know how to write
songs."
But a few weeks later the song
was completed and since then Be-
atrice has written 26 others.

Is Uric Acid Your Trouble?

This Subtle Body Poison is the Cause of Much Mysterious Sickness

LEADING medical writers agree that excess uric acid is the cause of much present day sickness. This insidious body-poison is being constantly created from the food we eat. Under the hurry, worry and strain of modern life its production is greatly increased. Kidneys that function normally filter off the uric acid and prevent an excess. But sluggish kidneys allow an over-plus uric acid to remain in the blood and to upset the system.

"Use Doan's," Say These St. Louis People:

J. P. BROWNE, barber, 4727 Page Av.
"Long hours of standing brought on my kidney trouble. It all started with a misery in my back, which certainly made my work a lot harder for me. When I bent over and tried to straighten, a catch took me across my kidneys. My kidneys were disordered. After using Doan's Pills from the Kieffer Drug Co. the trouble left me."

**MRS. A. C. RICHARDSON, 4132 W. Green-
lea Place, says:** "My back ached and I had a lameness across my kidneys. Headaches of ten came over me and my sight blurred by tiny spots and specks. My kidneys were too active, but there were times when they didn't act often enough. Doan's Pills, purchased at Reuter's Drug Store, rid me of the attack."

WOMAN CHARGED WITH EMBEZZLEMENT

Former Bookkeeper of St. Louis Firm Denies Her Accounts Are Short \$1088.

Mrs. Ivis Crews, 27 years old, former bookkeeper for the W. F. Childs Sugar Co., 408 Pine street, was returned to St. Louis last night, following her arrest at Murphysboro, Ill., on a warrant charging her with embezzlement of \$1088 from that company. She denied the charge.

A graduate of Wellesley College, she has been living at 2444 D street, Granite City, with her second husband, William Crews, chauffeur for a Granite City lumber company. Her first husband, Robert Donovan, son of a Brockton (Mass.) shoe manufacturer, died several years ago. A 9-year-old daughter of that marriage is staying with her grandmother at Chatham, Mass., and Mrs. Crews was en route there when arrested. In denial of the charge of embezzlement, Mrs. Crews said her books balanced Aug. 1, three days before she was dismissed in a retrenchment move. If any discrepancy exists it is due to the mistakes of her successor, she said. Her salary was \$100 a month.

She admitted stealing a Buick automobile of James A. Bissel, 6329 Waterman avenue, from in front of Hotel Jefferson, in 1922, and driving it to Indianapolis, where she was arrested. She said then she had learned Bissel had more than one automobile and she felt he could spare the Buick. She was sentenced to one year in the workhouse, but immediately paroled.

'MEN COMING BACK TO ALTAR'

Women Are Going Astray, However, Says Cardinal Hayes.

NEW YORK, Oct. 12.—The modern man is on his way back to the altars of worship, but the modern woman is daily going more astray, Cardinal Hayes declared yesterday.

"We are gravely disturbed about our good women, especially our young women. Within a short time there has been a radical upset of principles that has caught into the very home and desecrated the fire-side. The church is praying most earnestly that our good women may be saved from the disaster that is impending. Alongside of that there is the most promising sign of the time, and that is that the men are coming back to the altars."

Greece Seeks Gen. Plastiras.
ATHENS, Greece, Oct. 12.—Efforts of the authorities to discover the whereabouts of Gen. Plastiras having been unsuccessful, the Government today issued a proclamation calling upon those who know where he is hiding to give the information. The proclamation calls attention to the fact that concealment of malefactors or persons endangering the public order may be punished with death. Gen. Plastiras, who led the 1922 rebellion, disappeared when forewarned that the Greek Government intended to exile him.

Semenoff to Be Citizen of Japan.
NAGASAKI, Sept. 16.—Ex-Attorney Semenoff, former Russian "white" leader, who fled from the soviet and is now living in Nagasaki, is reported to have formally applied for Japanese naturalization. The Home Office is expected to

waive the rigid seven-year residence rule in favor of the Russian refugee.

It is said Gen. Semenoff plans to conduct a campaign for closer economic relations between Japan and Mongolia.

GERMANS ACCEPT ALLIES' TERMS ON JOINING LEAGUE

Tentative Agreement Reached at Conference, and Delegates Predict Pact Will Be Arranged.

STRESEMANN ASKS FOR RHINE CONCESSIONS

Briand Agrees That Military Rule Should End if Security Treaty Is Signed.

LOZANNO, Switzerland, Oct. 12.—Agreement was practically reached today on the conditions of Germany's entrance into the League of Nations, and the delegates to a security conference here hoped fully predict the success of the conference.

The allies have produced a solution of the German League membership question which Chancellor Luther and Foreign Minister Stresemann believe will satisfy German public sentiment and at the same time safeguard the friendly relations of the realm with Russia. One big issue remains unsettled—France's guarantee for Poland and this was discussed privately and with progress today by M. Briand, Dr. Stresemann and Count Szarynski, the French, German and Polish foreign ministers prior to the plenary session of the conference.

A communique issued after today's session said: "Clarifications and precisations requested by the German delegation in the conference on the question of the league brought about a general exchange of views and explanations. This exchange resulted in progress of the work of the conference toward the adoption of a satisfactory solution."

Today's session was the most exciting since the inauguration of the conference, for Chancellor Luther and Stresemann insisted on more from the allies were willing to accept the League issue. They were told flatly by all that it was a case of accepting what was prepared, or adjournment of the conference. The German leaders held a whispered consultation and then announced their adherence to the allies' idea.

The conference adjourned until tomorrow. Meanwhile the league text will be whipped into final shape.

Text Not Settled.
Spoken for the Germans took occasion this afternoon to remark that the text of the agreement regarding Germany's entry into the League of Nations had not been finally subscribed to by the German delegation.

The impression in Lozanno is that the allies' action concerning this question takes the form of a kind of gentlemen's agreement to support any reasonable view of Germany concerning the character of the league without exposing herself to being the battlefield of another war.

Push Rhine Demands.
This is a pure bargain of the League of Nations. However, and even before the Germans gained this point they pushed demands for concessions from the allies regarding the Rhine. Having representatives present from all but one of the countries represented in the Council of Ambassadors (the one in Japan, which is not directly interested), they asked for all they want on the Rhine.

As all interested countries are in the League conference, the German in this case were willing to accept combined verbal promises. A promise of evacuation of Cologne and reduction of military jurisdiction in the rest of the Rhineland they have already.

Civil autonomy for the Saar and return of some of their old colonies as mandates in the league they have not yet bargained for.

Who Are the A. G. Stores?

They are your neighborhood grocery stores—316 individual retail grocers of St. Louis, tax payers, home owners. Most of them have been in the business for many years; many of them inherited the business they now run. They are men who have been born in our city and have taken an active part in its development.

A few years ago these grocers found themselves at a disadvantage. They had to compete with large combinations conducting retail stores, who were able, because of their size, to buy as wholesalers, thus saving the jobber's profit.

To overcome this handicap your neighborhood grocers got together and formed the Associated Grocer Company—a wholesale grocer company made up of individual retailers—with a large warehouse at 818-

820 Spruce St. This company buys in carload lots, thus securing decided price advantages which are passed along to the retail customer. Individual A. G. retailers are supplied with merchandise in any quantity needed. They are thereby placed in a position to meet any competition, quality considered.

74 New A. G. Stores Since January First

Opening up so many new stores is convincing proof that the A. G. system is correct. Every dollar spent in these stores is again spent right here in St. Louis—and plays its part in the development of our city.

By ARNO DOSCH FLEUROT, Correspondent of the Post-Dispatch and New York World.

Locarno, Switzerland, Oct. 12.—Germany has gained one point in the bargain being driven at Locarno by the Foreign Ministers meeting to agree upon a Rhine security pact.

The allies have promised, if a security pact can be found, to give in writing an assurance that the modifications Germany wishes in articles 16 of the League of Nations covenant will be urged by them before the League Assembly so Germany can ask for admittance to the league without exposing herself to being the battlefield of an ally's war.

SLAYER OF DAUGHTER'S SUITOR FREED BY 'UNWRITTEN LAW'

North Carolina Cotton Mill Head Also Set Up Defense of Temporary Insanity.

Special to the Post-Dispatch.

ROCKINGHAM, N. C., Oct. 12.—W. B. Cole, wealthy cotton mill executive, on trial here for a week for the killing of his daughter, Elizabeth Cole, was found not guilty by a jury in Superior Court yesterday.

Ormond was shot to death while seated in an automobile Aug. 15.

Judge W. B. Finley ordered Cole into custody again until the question of his sanity can be determined, the defense having been based upon a dual plea of temporary mental aberration and self-defense.

Members of the jury are said to have acknowledged that the "unwritten law" was the compelling motive that prompted the verdict.

A letter addressed to Cole, by Ormond last February precipitated the tragedy. In this letter Ormond informed Cole that he had been intimate with Miss Cole for more than a year, apparently with the intention of using this as a leverage to force Cole to consent to his marriage with the girl.

ST. LOUIS POST-DISPATCH, MONDAY, OCTOBER 12, 1925.

Children's Bed Story -O- By Thornton Burgess

A Squeaky Good-By

Taking more than you may need Has the look of selfish greed.

—Old Mother Nature.

It was a very dark night when the moon was up above the trees and the stars were shining down on the quiet world. A little boy named Peter was sitting up in bed, looking out of the window. He was thinking about the day when he had said good-by to his mother and sister and was going to school. He was feeling a little sad, but he knew that he had to go. He was thinking about the day when he had said good-by to his mother and sister and was going to school. He was feeling a little sad, but he knew that he had to go.

What to Serve Tomorrow

Savory cheese toast

Coffee, cocoa, milk.

LUNCHEON.

Cream of tomato soup

DINNER.

Baked spareribs, brown gravy.
Browned potatoes
Steamed sauerkraut.
Baked, stuffed green peppers

Coffee, tea, milk.

Savory Cheese Toast.

Open and drain carefully a small can of tomatoes. Add to them a grated onion, a minced pepper and a teaspoon of minced celery leaves, a little celery salt. Add pepper, salt, a little sugar, a tablespoon of soft butter, a teaspoon of mixed mustard, a cup of grated cheese, a teaspoon of Worcestershire sauce, and two tablespoons of rich cream. Stir the mixture over hot water until all is blended, then pour upon slices of toast, arranged on a hot dish. Garnish with parsley.

Prune Pudding.

Soak a pound of prunes for several hours, then stew and sweeten them as usual. When they are cold, strain the prunes and stone enough to make two solid cups. Cream together two, large tablespoons of butter and a cup of sugar, then add three beaten eggs, a cup of milk, three cups of flour with three teaspoons of baking powder and 1/2 teaspoon salt. Beat this mixture well and add a tablespoon of lemon juice and the prunes. Turn the mass into a well buttered mold, cover it with greased paper, put on the cover and tie it down. Steam steadily for two and a half hours.

Mix a half cup of sugar with a cup and a half of the prune juice. Add a half cup of cream and thicken the mixture with a little cornstarch. This makes a very good sauce for the pudding.

Attractive Lamp Shades

THE crystalline lamp shades that were introduced a few months ago have become very popular and women are quite as enthusiastic in fashioning these as they have

been in making the elaborate silk and paper shades. Their construction is quite simple. Begin by covering the wire frame with handkerchief linen as a foundation. From crepe paper napkins, borders or the decorated crepe paper cut out colored motifs

such as flowers, birds, fruits or small scenes, and apply them to the frame as fancy dictates. Then paint the entire surface with transparent amber sealing wax which has been dissolved in alcohol, and finish by dusting the entire surface with powdered crystalline

beads that come in shakers for this purpose. Fancy braid finishes the edges and bead or silk fringe is popular. Silk ruching is also much used for this purpose. An attractive boudoir shade has tiny single blossoms applied in a broken line border

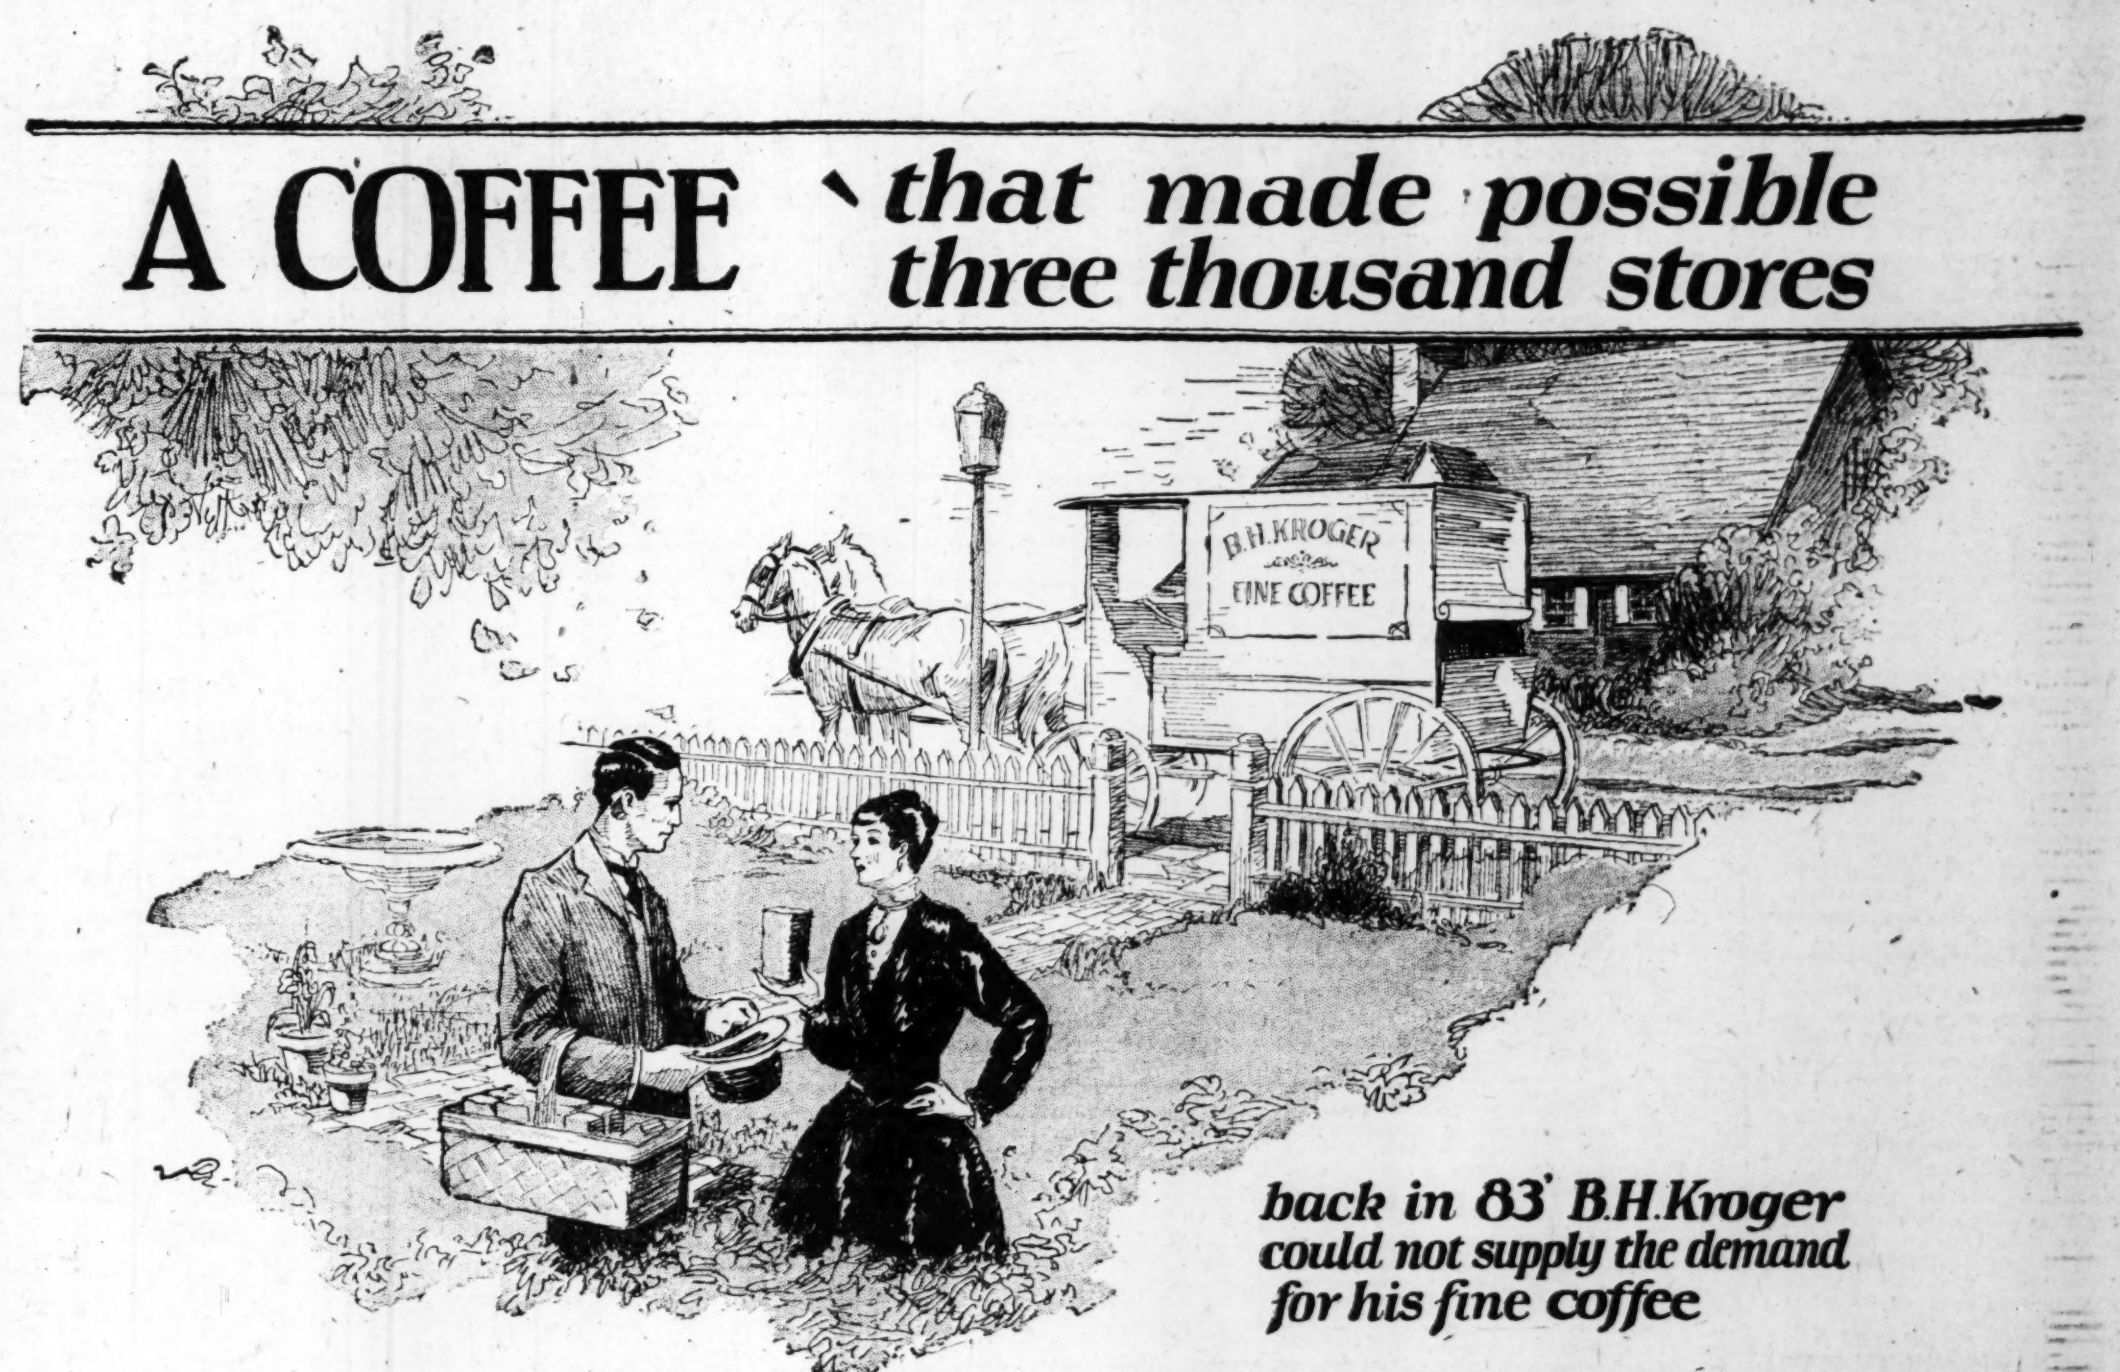

and narrow metal braid finishes both edges. Instructions for making these shades are given gratis, in the shops.

Salmon Ramekins.

Open, drain and remove skin and bones from a large can of salmon. Flake the fish fine and add to it a

cupful of fine crumbs, a beaten egg, a minced onion, pepper, salt, a tablespoonful of washed capers and a tablespoonful of soft butter. Mix buttered ramekins lightly with the mixture and put a tablespoonful of milk into each. Bake a delicate brown in the oven and serve in the ramekins.

A COFFEE that made possible three thousand stores

back in '83 B.H. Kroger could not supply the demand for his fine coffee

When Chester A. Arthur was President of the United States B. H. Kroger was a coffee merchant. He sold good coffee. In fact, to this day there are those who remember his bright red wagon and the enthusiastic comment his fine blends received.

Only a few could be supplied

At first, only a few people could be supplied—but B. H. Kroger had a vision—a vision of a great chain of stores in which he would sell, besides quality foods, the one coffee that everyone would acknowledge as the best.

And so the first Kroger Store was born. It is history now—how highest quality, and unusual values made it an instant success and how many more were opened, until today there are 3000 of them throughout the Middle West.

But no more critical was he of the blend that won him fame in '83 than he is with French Brand today. For French is his ideal—the complete realization of his desire to sell the one coffee that everybody would acknowledge as the best.

Enjoy this famous coffee today

If you have not tried this fragrant blend, you have before you a new coffee-satisfying experience. Regardless of the quality of the kind you now use, you will find in French a new, deeper gratification. You will enjoy more than ever before a rare, rich flavor—a delightful, heavy, fresh-roasted aroma.

VOL. 78. NO. 36.

GAS EXPLOSION, CAUSE UNKNOWN, LAGLEDE VERDICT

Building Commissioner Christopher Testifies as to His Investigation of the Explosion.

EXHIBITS BROKEN GAS PIPE AT INQUEST

Break Resulted From Pressure From an Adjoining Steam Pipe Expanded by Heat, He Concludes.

A Coroner's jury today decided that the four persons killed in the Laclede Gas Building, Eleventh and Olive streets, last Thursday afternoon, died of "shock and burns from a gas explosion, the manner and cause of which are unknown."

The verdict was reached after a short session, at which the only witness was Building Commissioner Edward E. Christopher, and supplementary to the session held Saturday, when seven employees of the gas company and one customer testified.

Although engineering experts in the gas company's employ have made an examination of the basement wreckage, none of these experts, and no official of the company, was called to testify. Nor was the testimony of the two survivors closest to the scene of the blast obtained. These men are in the City Hospital, and were unable to attend the inquest, but reporters got statements from them. What they said to reporters indicated that two of the men who were killed in the basement were trying, at the time, to shut off the gas which just then exploded.

No Official Explanation.
The gas company stated today, in answer to an inquiry, that it still has no official explanation of the disaster to offer.

A report of Director of Public Safety Brod to Mayor Miller, giving the director's conclusions, has not been made public, but is believed to accord with the opinion expressed by the Building Commissioner, a subordinate of Director Brod, in his testimony today.

The Building Commissioner said he attributed the disaster to the breaking of a defective gas pipe—one which, he believes, had been broken previously and repaired—under pressure from an adjacent steam pipe which had been expanded by heat.

Commissioner Christopher exhibited a broken portion of a 2 1/2-inch cast iron pipe, which he had removed from a point near the place where the steam pipe touched it. The break was at a point where a T-shaped connection was formed, and the threaded connection was rusted almost through.

Contact With Steam Pipe.
The point of contact between the steam pipe and the gas pipe was about eight feet from this break. Commissioner Christopher said. He believed the pressure of the expanding steam pipe, following the first use of the heating system this fall, was sufficient to break the gas pipe.

Christopher did not undertake to account for the lighting of the gas which, as he believed, escaped through a break in the pipe. He said the break occurred probably less than a half-hour before the explosion. He said the electric wiring was in condition, removing the apparent likelihood that an electric spark furnished the ignition. The intake pipe which admitted gas to the basement was closed, but that this appeared to have been done after the explosion. It has been suggested that a broken pipe, striking the concrete floor, might have caused a spark.

Christopher's theory was not the same as that of the Coroner's office. As has been explained, the Coroner's theory has been that the breaking of a support, which held a 6-inch pipe to the ceiling, caused the pipe to sag and break.

View of Coroner's Theory.
The Building Commissioner was asked about this theory. He said he had examined the 6-inch pipe, and did not believe the primary break occurred there. He said that, even if the hanging support mentioned had given way, the 6-inch pipe would have been held in place by two partitions through which it passed. The pipe which, in his belief, broke, was one of smaller size, running east and west through the basement.

"We have discarded the theory that assumed the cause of the explosion," Commissioner Christopher said in telling of the investigation made by himself, Director of Public Safety Brod and members of the safety department.

"The cause is still a mystery," he said, "and the commission is continuing its work."
